DEPARTMENT OF LAW

January 17, 1957

Honorable President and Members
City Council
City of Pittsburgh

In re: Authorization to Urban Redevelopment Authority to Undertake Survey and Planning of East Liberty and North Side Urban Renewal Projects. Bills No. 2043 and 2044.

Gentlemen:

You have referred to this Department for a report proposed Resolutions authorizing the Urban Rede-

velopment Authority of Pittsburgh to undertake the survey and planning of the rehabilitation or conservation phase of the East Liberty and North Side renewal projects.

Under the most recent Federal housing legislation, the concept of renewal includes both traditional redevelopment for the purpose of clearing blighted areas as well as the conservation or rehabilitation of blighted areas by means of spot improvements or other methods short of complete clearance and reconstruction. Under the existing State legislation there is some question as to whether the Urban Redevelopment Authority may undertake any projects other than clearance and redevelopment. The enabling legislation does not expressly authorize redevelopment authorities in Pennsylvania to undertake the other phase of renewal, that is, conservation or rehabilitation. For that reason matching Federal funds to carry out the rehabilitation or conservation phase of renewal are not available to the Urban Redevelopment Authority but may be paid to the City, which has the power to undertake rehabilitation or conservation work.

Before either the redevelopment or any other phase of renewal may be carried out, it is necessary, of course, to conduct surveys and make plans for the projects to be undertaken. The Federal Government also provides financial assistance to defray the cost of making these surveys and plans. Under a 1956 amendment to the Federal housing legislation, set forth in the preambles to the Resolutions, Federal grants for the making of surveys and plans may be made to a single local public agency which has the power to carry out a substantial portion of the entire renewal project. In other words, applying the statute locally, Federal funds for the entire planning phase of the East Liberty and North Side renewal projects may be paid to the Urban Redevelopment Authority even though the Authority may not have the power to undertake rehabilitation or conservation measures in these areas pursuant to such plans.

We can see no legal objection to the

proposal to authorize the Urban Redevelopment Authority to make the necessary survey and plans for the redevelopment and all other phases of the renewal of the certified East Liberty and North Side areas, and to permit the Authority to receive Federal funds for this purpose. In the long run it will be of great benefit to the City to have a single agency, the Urban Redevelopment Authority, coordinate the planning for these renewal projects, even though the Authority ultimately carries out only the clearance and redevelopment phase of the projects and the City carries out the rehabilitation or conservation aspect of renewal.

Though the City has its own planning agency, we believe it is permissible in specialized projects of this nature to assign the planning function to another public body, created by the City, which has the facilities to coordinate overall renewal planning for areas of the City. It should be emphasized, of course, that the implementation of the plans for conservation or rehabilitation of the East Liberty and North Side areas, as well as the redevelopment plan itself, remain subject to approval by Council.

Respectfully yours,
J. F. McKenna, Jr.
City Solicitor

Mr. Dinan:

Mr. President: I hope all of my colleagues in Council were fortunate enough to see the picture of a fine looking young man in the papers last Saturday. Mose Jacobs has been in our midst many, many years and is now rounding out fifty years of service as a patrolman in the Bureau of Police of the City of Pittsburgh.

I know I bespeak for all of my colleagues when I say we enjoy his company and we wish to have him many, many more years in our midst. I think it would be interesting for him to recite some of the high-lights of his fifty years' service and give us some slant on some of the things he remembers in serving in this capacity.

Mose Jacobs:

Mr. President and Members of Council: I appreciate the kind words said by Mr. Dinan about me. It has been my privilege to work as a patrolman for the past fifty years. While

covering the downtown beat, which included Diamond Street and the streets around the Diamond Market, I made many arrests.

In 1914 I was assigned to Council as the Sergeant-At-Arms, and in 1917, when the municipal offices were moved from City Hall on Smithfield Street to this building, I was assigned permanently to Council as Sergeant-At-Arms.

I trust that my services during all these years have met with the approval of the members of Council as

well as my superior officers. Please accept my many thanks for the many courtesies extended me over these many years.

Mr. Dinan moved

That a rising vote of thanks and confidence be given Mr. Jacobs.

Which motion prevailed.

And upon motion of Mr. Dinan

Council adjourned.

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, February 11, 1957.

Council met.

Present:—

Mr. Counahan	Mr. Olbum
Mrs. D'Ascenzo	Mr. Rodgers
Mr. Dinan	Mr. Weir
Mr. Fagan	Mr. Gallagher (Pres't)
Mr. Jones	

The Chair:

Members of Council, Ladies and Gentlemen, the meetings of Council beginning with today will be opened with prayer. We are graced today with the presence of His Excellency, Most Reverend Coleman F. Carroll, Auxiliary Bishop of the Catholic Diocese of Pittsburgh. Every Monday hereafter, a representative of all religious denominations selected by a Member of Council, will open the meeting with prayer.

Most Reverend Coleman F. Carroll

offered the following prayer:

Lord God Almighty, Who in Thy Wisdom and Goodness didst ordain that we, in our mutual needs, seek and find our temporal welfare in civil society, mercifully look down upon the members of our City Council gathered here, today.

O Blessed Teacher of mankind, the Way, the Life, and the Light- at Whose feet are found the beginning and the end of all wisdom- illumine their minds that they may ever know that without Thee there is neither wisdom, nor light, nor life, nor success, nor happiness. Strengthen their wills that knowing Thee as Master, they may ever have the courage to carry out, faithfully, their sacred trust.

O Holy Spirit, Spirit of Truth and Wisdom, show them through the promptings of the clear light of Thy intelligence the things that should be done, and give them the courage to do what is right. This we ask in the name of the Father and of the Son and of the Holy Spirit, Amen.

The Chair:

Yesterday began the observance of National Brotherhood Week. Today, we are honored by the presence of Dr. Solomon B. Freehof, Rabbi of the Rodef Shalom Temple, who will pronounce the invocation.

Last week Most Reverend Coleman F. Carroll, Auxiliary Bishop of the Catholic Diocese of Pittsburgh opened our meeting with prayer.

It is our intention to have Rt. Rev. Austin Pardue, Bishop of the Episcopal Diocese of Pittsburgh pronounce the invocation next week.

Dr. Solomon B. Freehof offered the following prayer:

To Thee we turn, O God, in prayer, for Thou art the Lord of history and the Master of our destinies. Thy creative word turned chaos into creation and established order in the world. Thou didst bid us walk in Thy footsteps to establish order, to build justice, to turn the minds of men to creative achievement. Then bless Thou, O God, this assemblage of Thy children, gathered in counsel together. Ennoble their spirits; clarify their thoughts; and strengthen their energy; so that through their intentions and deliberations this city may enjoy increasing comfort, order, progress, and peace. Amen.

Mr. President, in Section 1 of Bill No. 2229, under the heading, "No Parking At Any Time, Including Sunday", is an item "Queensboro Street, from Chelton Avenue to Berkshire Avenue". I am curious to know why such a prohibition is to be enforced on this street inasmuch as there are three churches in this vicinity and to prohibit parking on Sunday would be a hardship on those people who drive their automobiles.

Mr. Olbum, can you answer Mr. Fagan?

Mr. President, I am not familiar with the district; hence I am unable to answer his question. I might state, however, that this prohibition has had a sixty-day trial, and there evidently being no objections, the Traffic Bureau wants the regulation put in permanently. Why not send for M. J. Gittens, Traffic Engineer, to explain this.

Council met.

Mr. Jones	

The Chair:

Members of Council. We are honored today with the presence of The Very Reverend N. R. H. Moor, Dean of Trinity Cathedral, who will pronounce the prayer at the opening of this meeting.

The Very Reverend N. R. H. Moor, Dean of Trinity Cathedral offered the following prayer:

Almighty God, who, in this dangerous and difficult life, has placed heavy responsibility in the hands of man, Grant to the Members of City Council

a deepening realization of their duty and requisite courage to fulfill the same. Vouchsafe to them a clear picture of the whole sphere in which the obligation to duty resides, so that partial interests may not blind their eyes to the needs of all the people entrusted to their rulings.

In hours of honest disagreement temper their debate and hold all expression of self interest in firm restraint. In times of grave perplexity may they walk not run toward a decision, thus preventing a hasty first step which would tend to embarrass the steps to follow.

Grant that we may all appreciate their honest attempts to provide that kind of authority which makes for clean and wholesome civic activity, promoting the right and thwarting the wrong.

This we ask in Thy name, through Christ - Jesus our Lord. Amen.

The Chair:—

Members of Council. We are honored today with the presence of Dr. E. B. May, Executive Secretary of The Church Union of the Methodist Church, who will offer the prayer for today.

Dr. E. B. May, Executive Secretary of the Church Union of the Methodist Church, offered the following prayer:

Our Father God, who in former time didst lead thy people in the city where the two great rivers meet; give thy grace, we humbly beseech thee, to us of this day, that our lives may meet Thy Life, that our wills might move under thy divine will, and that we shall remember that we live and move because of thy favor.

Thy presence is not confined to years past, nor is to be found only in churches and temples, we believe thy spirit can be found in city halls, where the mighty wheels of industry turn, and where the people meet on city street. Most heartily we beseech thee to grant thy blessing upon the servants of our city. Imbue those in authority with the spirit of wisdom, goodness, and truth; and so rule their hearts, and bless their endeavors, that law and order, justice and goodwill, good health and purposeful living shall prevail.

We give thanks that we have enjoyed many material blessings. As the great new buildings pierce the sky and glisten in the Spring sunlight, we pray that the renewed city will be a city for the good life of the people. May our city gleam, and may its people be crowned with the spirit of brotherhood. Save us from violence, discord, and confusion from pride and arrogance, and from every evil way. Fashion into one happy people the many of different races, creeds, and cultures within our city. Mold business and mighty industry to be mediums by which people find blessings. Insure institutions of all kinds to serve thee and man.

Help us to remember thy good laws, the Ten Commandments. Help us to obtain the blessings of the Sermon on the Mount. Help us to do justly, to love mercy, to walk humbly with

thee, and help us to follow the golden rule. Help this city, and cities and country places of our nation, and of all nations, and may we yearn for, and under thy spirit work for the day when brotherhood shall reign from the seas to shining seas across the world; through Jesus Christ our Lord. Amen.

The Chair:

Thank you Dr. May for your very inspiring message to City Council.

The Chair:

Members of Council, Ladies and Gentlemen, we are honored this afternoon to have the invocation by Reverend Cletus Baker, Pastor of the Second-Fifth United Presbyterian Church.

Reverend Cletus Baker, Pastor of the Second - Fifth United Presbyterian Church, offered the following prayer:

O Thou Who art the Eternal God,

before whom the generations of earth have come and gone like the streams that flow down the mountainside; O Thou whose Son wept over the City of Jerusalem because of its sins, and who loved the City; O Thou Who hast all wisdom and all power, we do admit we need Thy help. Wilt Thou bless those men and those women who have called upon the clergymen, who are Thy servants, to come and ask Thy blessings upon these meetings, and today this meeting. We pray that Thy wisdom may be imparted upon us and those represented by us. Wilt Thou guide them and grant that we may have the blessing of Almighty God for the City and its people.

In Jesus' name we ask it. Amen.

MOTIONS AND RESOLUTIONS

Mr. Fagan:

With unanimous consent, I would like to introduce the following resolution with reference to St. Casimir's High School. They have won the championship in their league, and also will be in competition with other Catholic High School teams in the State, for the State Championship. This team, up until Saturday night, has won 44 straight games. Gus Krop is the Coach and has done an outstanding job.

Mr. Fagan presented

No. 2448

WHEREAS, The basketball team representing St. Casimir's High School in Class "B" Basketball League, under the coaching of Gus Krop, was successful in winning the championship of the local Catholic High Schools of Pittsburgh; and

WHEREAS, This team will represent the Pittsburgh Catholic High Schools in the State Basketball Tournament which will be held in the near future; and

WHEREAS, This team has brought renown to the City of Pittsburgh; Therefore, be it

RESOLVED, That the Mayor and the members of Council extend their congratulations and best wishes to the members of St. Casimir's High School and its efficient and capable Coach, Gus Krop, in winning the Class B championship of the local Catholic High School Basketball League, and wish for them greater success in the coming State Championship Tournament.

Which was read.

Mr. Fagan moved

The adoption of the resolution, by a rising vote.

Mr. Fagan:

Mr. President: I might say, in connection with this team, my assistant, the late S. Chapman Wright, helped to coach it during the War, and several times won the local

championship but was never able to win the State Championship.

They were known as the "Blue Tails". They started to slip a little, and so Chapman Wright and I got together and sent every member of the team a white feather, and they were looking for the fellows who sent them these white feathers. As a result they won the championship. This will be the fourth time St. Casimir's has won the State Championship. They started Saturday night at Lock Haven and defeated the local team 76 to 27. They play in Uniontown at St. John's Wednesday night. As

well as "rooting" for them, say a little prayer for them.

And the question recurring on the adoption of the resolution by a rising vote, the motion prevailed.

Mr. Jones moved

That the Minutes of Council of Monday, March 11, 1957, be approved.

Which motion prevailed.

And upon motion of Mr. Fagan

Council adjourned.

The Chair:

Members of Council, Ladies and Gentlemen, we are honored this afternoon by having Reverend Father Oliver D. Keefer, Pastor, Church of the Resurrection in Brookline open this meeting with prayer.

Reverend Father Oliver D. Keefer, Pastor, Church of the Resurrection in Brookline offered the following prayer:

O Almighty God, Ruler of the world
Make these men of Council conscious
of their high position and their great
responsibility to the people of this
City and to you. Make them under-
stand better how they share your
own Divine Authority, that they hold
public office, You desire order and
harmony and government in the world
You secure this order and harmony
in nature by the laws that you have
implanted in nature itself, by which
you govern the world. You have es-
tablished the principles of order in
human lives by way of the 10 Com-
mandments with which You govern
the children of men. You provide
for the public welfare and You secure
order and harmony, peace and pro-
gress in society by the forces of
government who rule by right and
justice and so by Your own Divine
Will.

We ask you, Heavenly Father to
give these men of Council the power
of discernment, by which they may
proceed with caution. Vision, to see
the demands of the future as well
as the present. Wisdom, to do all
things well. Right Judgment, in their
decisions which affect so many thou-
sands of lives. Patience with each
other, so that they may work together
in harmony and high resolve in spite
of personal differences, antagonisms
and difficulties that are inevitable.
Mindful of human weakness and
limitations, give them strength to
rise above petty considerations and
remain loyal to the principles of
honesty and justice and honor in the
administration of their duties.

Through the democratic processes
of free election You have invested
them with a share of Your own
Divine Authority. May they govern
with something of Your love for man-

kind, Your sense of justice, Your providence and care that look to the needs of all.

Bless them with successful endeavor and notable achievement for the people, peace of mind and joy of heart for themselves and the satisfaction of a job well done and Thy own reward exceedingly great.

The Chair:

Thank you Father Keefer for your very inspiring message.

MOTIONS AND RESOLUTIONS

Mr. Jones presented

No. 2488

WHEREAS, the Federal Urban Renewal Program can be looked upon as one of the great forces to encourage rehabilitation of communities, large and small, and to prevent slums and blight in the nation's centers of population,

WHEREAS, the financial limitations contained in House Bill 6047 and in Senate Bill 1609 has forced the Housing and Home Finance Agency to institute a system of priorities which penalize communities which already have one urban renewal project underway but which are financially able to, and have been actively planning to undertake more than one,

WHEREAS, this system of priorities will postpone indefinite the planning of two projects in the East Liberty and North Side sections of Pittsburgh, placing in jeopardy and possibly making obsolete any of the preliminary work which has been accomplished thus far,

WHEREAS, the \$175-million allocation contained in these two bills is for one year, thereby breaking a precedent of multi-year appropriations which enabled all communities to plan projects on an orderly schedule and with reasonable assurance that Federal funds would be available when needed,

WHEREAS, certain communities, including Pittsburgh, have adopted five-year capital budgets, based on People's Bond Issues, with the purpose of an orderly expenditure of local sums, in the main, for public improvements in urban renewal project areas,

WHEREAS, the Commonwealth of Pennsylvania also is committed to aid urban renewal projects as its share in the costs of local participation, and in fact, has scheduled funds for the East Liberty and North Side projects, and curtailment of the Federal funds may place State funds in an uncertain status,

WHEREAS, the orderly continuance of the urban renewal program

is non-inflationary because it provides money to be invested in planning for projects which may be executed three to six years hence, and thus builds a backlog of neighborhood commercial and housing requirements for a time when the Federal economy may need support.

THEREFORE, be it

RESOLVED that the Council of the City of Pittsburgh urges that the Congress reconsider the allocations for the Federal Urban Renewal Program in the minimum terms of the President's original proposal of \$250-million in each of the next two years. The urban renewal program is a positive approach to guaranteeing the orderly growth of all of our centers of population, large and small; its benefits can be measured directly in that it provides decent housing and living conditions for all of our citizens.

RESOLVED, also, that copies of this resolution be forwarded by the Clerk of the City of Pittsburgh to the President of the United States, to the two United States Senators from Pennsylvania, to all representatives to Congress from Pennsylvania, and to other interested government officials.

Which was read.

Mr. Jones moved

The adoption of the resolution.

Which motion prevailed.

Mr. Olbum:

Mr. President and Members of Council:

As you know, I recently was invited by Louis Rosenberg, Director of the Department of Public Safety, to assist him in the inquiry he conducted into the circumstances surrounding the shooting of Acting Lieutenant Allen Carnahan. First Assistant City Solicitor James G. Legnard was also invited to assist in the inquiry. I am submitting for your examination and for the records of Council the Report submitted by Director Rosenberg to Deputy Mayor

Charles D. McCarthy covering the testimony we heard over a period of several days from 39 persons who appeared before us. In this Report and in its conclusions both Mr. Legnard and I concurred.

Of course the Report speaks for itself. However, I feel obligated to state to you that in my judgment the Director of the Department of Public Safety has, to use the words of one of the newspaper editorials, "upheld the integrity of the Police Bureau and of the City Administration of which it is a part." I believe that every effort was exerted to secure all available pertinent evidence and that the Director's Report fairly presents the conclusions properly to be drawn from the testimony. While some of the witnesses for obvious reasons were reluctant to speak freely, I believe that the testimony as a whole presents a reasonably clear picture of the entire incident and of the actions of various police officials following the incident. I am completely satisfied that the Director has performed his duty without fear or favor, and with a thoroughness and a diligence which does him much credit.

As you know, the result of the inquiry was the suspension of a lieutenant for a period of 10 days and an official reprimand of several of the leading officials of the Bureau of Police. I think it only fair to state—as has already been pointed out—that the officials involved are capable police officials who have rendered many years of competent service to the City of Pittsburgh. I think it also only fair to state what I have said publicly on many occasions, namely, that our police force generally has performed and is performing an extremely difficult public service in a highly creditable fashion. While there are from time to time occasional aberrations which are common to all human beings, I am very much impressed by the general calibre of the great majority of the personnel of the Bureau of Police, by their sincerity and devotion to duty, and by the efficient manner in which they carry out their day-to-day functions.

I sincerely hope that each member of Council will take the time to read this Report. I am sure that you will

all be impressed by its thoroughness and by the recommendations made by the Director with a view to increasing the efficiency of the Police Bureau. I am likewise certain that you will agree that the entire inquiry and the report resulting therefrom will have a salutary effect on the personnel of the Bureau of Police which will be demonstrated by its future conduct.

Mr. Olbum presented

No. 2489 Report of the Department of Public Safety regarding conduct of members of the Bureau of Police.

Which was read, received and filed.

Mr. Fagan moved

The Chair:

Members of Council, we are honored this afternoon by having Dr. Grover E. Swoyer, D.D., Pastor of the Trinity Lutheran Church of the North Side with us, and who will offer the prayer for today.

Dr. Grover E. Swoyer, D.D., Pastor of the Trinity Lutheran Church of the North Side offered the following prayer:

Our gracious Heavenly Father, we thank Thee for Thy blessings. We thank Thee for the blessed privilege of living in this Land of Freedom. We also thank Thee for the joy of living in this great Steel Center of the world. Help us to look back over the past years, see Thy providential care displayed here and from it help us to know that Thou art still with us - are behind the shadows keeping watch upon Thine own.

May Thy blessings rest upon the leaders of this great City. May the members of this City Council, as they labor on in this Golden Triangle ever have the gold of God's wisdom in their hearts. May the rhythm of steel in this steel-ribbed City be matched by the harmony of Thy good will and guidance.

Help us to see Jesus weeping over Jerusalem because it has failed God Almighty. Help us also to know that cities are responsible to God and the members of this City Council are also responsible to Almighty God for what is done here.

May Thy blessings also rest upon Mayor Lawrence and may his visit to the great cities of the Old Country place a vision in his heart, which will help to make Pittsburgh a blessing not only in this Country, but also to the world.

May all failures be due to the head and not the heart and may all help to make this City a center of strength for Thee - ever surrounded by the magic steel of Thy love.

Bless us all who are here today and help us to be thankful to our gracious Lord, Who the first Lenten-time taught mankind the way of service and sacrifice.

We ask it all in His Name.

May the Lord bless thee and keep thee;

May the Lord make His face shine upon thee;

May the Lord lift up His countenance upon Thee and give thee peace.

Amen.

I would like to place in nomination the name of George Boxheimer, and would have liked to have said a few words of praise for the wonderful manner in which he carries on his office, but as a result of his modesty and humility I therefore place in nomination the name of George Boxheimer to be City Clerk for the ensuing three year period.

No. 2524

DEPARTMENT OF PARKS AND RECREATION

April 1 1957

President and Members of Council
City of Pittsburgh, Pa.

Gentlemen:

On March 4, 1957, we submitted to Council the drafts of two ordinances; the first transferring the sum of \$10,000.00 to enable the Department of Parks and Recreation to do certain construction work in connection with the Children's Zoo in Highland Park, and the second giving the department authority to enter into a contract or contracts for this work and for the payment and cost thereof.

On March 26, 1957, I was informed by Mr. B. Homer Hall, Director of the Sarah Mellon Scaife Foundation, that the Foundation, together with the Pittsburgh Zoological Society, was prepared to finance and proceed with this same construction work; namely, the site development and landscaping of the area around the Miniature Railroad Station. The department immediately accepted this offer from the Foundation, and this eliminates the necessity for the two ordinances which were sent to Council as mentioned above.

I would therefore like to have these two drafts of ordinances withdrawn.

The Foundation is furnishing \$7,500.00, and the Pittsburgh Zoological Society is matching this amount so that \$15,000.00 will be

available for this work. You will note that in my letter of explanation submitted with the first ordinance, we estimated that \$20,000.00 would be necessary for this work because we included the renovation and improvement of the parking lot adjacent to the Children's Zoo. Under the present arrangement, this work on the parking lot will have to be financed with departmental funds.

Very truly yours,
Robert J. Templeton
Director

Which was read, received and filed.

Mrs. D'Ascenzo moved

Pursuant to the information contained in the communication from Director Templeton of the Department of Parks and Recreation, that Bills No. 2323 and No. 2324 be laid on the table.

Which motion prevailed.

MOTIONS AND RESOLUTIONS

Mr. Rodgers:

Mr. President: Last Monday Mr. Weir, Mr. Jones and myself were appointed a Committee to examine and review the construction plans for the grading, paving and curbing of Fisher Street. We wish to file our report.

Mr. Rodgers presented

No. 2530

WE, THE UNDERSIGNED, members of Council's Sub-Committee appointed to examine and review the construction plans for the grading, paving and curbing of Fisher Street, submit the following report:

As to the suggestion made at the public hearing that the paving of Fisher Street is not necessary and that access and good traffic circulation could be better supplied through the improvement and extension of Ormsby Street, we wish to report that our examination of the topography clearly indicates that Ormsby Street, with an elevation sixty-five (65) feet below the streets in the St. Clair Village Housing Project, is impracticable as access to the Project. In the planning of the Project in 1948 and 1949, this matter was thoroughly examined by the Housing Authority engineers, in consultation with the Department of Public Works. After careful study Fisher Street was agreed upon as the most desirable access to the Project. Pursuant to this decision, streets in the Project were laid out to connect directly with this section of Fisher Street. It is our conclusion that the paving of this portion of Fisher Street to a thirty (30) foot road-way width is necessary to provide proper circulation of traffic.

Because of the pronounced side slope of this street, grading to an adequate width requires a cut on the high side and a fill on the low side. This will necessarily cause damage to some of the abutting properties. It is our conclusion after a thorough on-site examination that the plans as drawn will provide the best possible result, while damaging the abutting properties as little as possible. Upon completion of the work, Viewers will be appointed by the Court of Common Pleas to examine the improvement

and to determine the amount of net damage or benefit each property has received.

As we stated in our preliminary report last Tuesday, the engineers continued their studies in an effort to provide more convenient access to the street for those properties which would be shut off behind the wall. We are glad to hear from Director Devlin that a method has been devised to provide a set of steps near 721 Fisher Street to allow direct access to the three homes most seriously affected.

We wish to state that in our opinion the plans have been carefully prepared and will result in a highly

satisfactory improvement.

Paul F. Jones
Bennett Rodgers
Chairman

Which was read, received and filed.

Mr. Olbum moved

That the Minutes of Council of Monday, March 25, 1957, be approved.

Which motion prevailed.

And upon motion of Mr. Fagan

ONE HUNDRED NINTH COUNCIL

THOMAS J. GALLAGHER.....President
GEORGE BOXHEIMER.....City Clerk
HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, April 8, 1957.

Council met.

Present:—

Mr. Counahan	Mr. Olbum
Mr. Fagan	Mr. Rodgers
Mr. Jones	Mr. Gallagher (Pres't)

Absent:—

Mrs. D'Ascenzo Mr. Weir
Mr. Dinan

The Chair:

Members of Council, we are honored today with the presence of Reverend Ramsey Bridges, Pastor, Warren M. E. Church, who will deliver the invocation.

Reverend Ramsey Bridges, Pastor of the Warren M. E. Church offered the following prayer:

Almighty God, our Father, we have seen in the victory of Thy Son, Jesus

Christ, our hopes realized, our faith confirmed. We thank Thee for His reign, and we pray that His rule may be established in our lives. Accept our loud hosannas and save us for His sake.

We bring before Thy throne today the members of the Council of our City, Pittsburgh, Pa. Bless each member as an individual. Bless the Council as a group. Create within each of them a clean heart, and renew a right Spirit within them. So fill the Council of our city with Thy Spirit that it shall always be willing to temper justice with mercy. So increase the Council's concern for people that the value of persons will supersede the value put upon all else. Pour into the hearts of the Council Members the spirit of unselfishness, so that, when their cups overflow they will seek to share their happiness with their brethern.

We pray for our city. Spare it from major calamity resulting from acts both human and divine. Grant that poverty may not come upon the manhood of our town. Raise up nobler men - men that shall scorn bribes; men that shall not yield greedily to ambition. Give us men rich in the sense of civic duty. And when these noble men who have been elected to govern our city must pass these duties on to those who are being raised up, may they transmit a city that is greater, better, and more beautiful than it was when it was transmitted to them. This is our prayer, made in the Master's Name.

Amen.

The Chair:

Thank you Reverend Bridges for your very inspiring prayer."

Miss Anne Simons, teacher, and 9th Grade Students of the History Class of Perry High School were present and Councilman Bennett Rodgers explained the proceedings of Municipal Government and introduced the Members of Council with an explanation of their respective duties to the group.

Mr. Rodgers:

Mr. President and Members of Council, John Paul Hickey, Esq., is here and would like to speak on the question of Social Security coverage for employees of the City of Pittsburgh. I, therefore, request that he be permitted to speak on the subject.

And there being no objections, Mr. Hickey was given the privilege of the floor.

John Paul Hickey, Esq.:

Mr. President, and Members of Council:

My name is John P. Hickey, Esquire, representing Local 239, the City Employees' Union of the A.F. of L. State, County, and City Employees' Union.

I wish to bring to your attention the fact that the City of Pittsburgh's Plan in connection with the participation by the City Employees in the Social Security System provides that it shall be retroactive to January 1, 1957. I have discussed this matter with Mr. William J. Cudding, Assistant Attorney General, Bureau of Social Security at Harrisburg, and it is the belief of the Bureau of Social Security that, in order to furnish the greatest benefits for the greatest number of employees, particularly for those employees who are at retirement age, the Plan should be retroactive to January 1, 1956. I have also been advised by the Bureau of Social Security that the City of Pittsburgh is the only Municipality whose Plan is retroactive to January 1, 1957. The Plans of other municipalities are retroactive to January 1, 1956, or January 1, 1955. It is a generally known fact that the Plan for the County of Allegheny is retroactive to January 1 1956.

It is the request of the Executive Committee of our Union, which will be furnished to you in letter form, that you re-examine your Plan in order that the advisability and feasibility of making the Plan retroactive to January 1, 1956, be considered. This will involve discussion with your Finance Committee and with Council at large. We are prepared to

bring Mr. Cudding of the Bureau of Social Security at Harrisburg to Pittsburgh, at your convenience, for a discussion about the City's Plan and the Plans of other municipalities throughout the State.

Mr. Rodgers:

Mr. President, I am grateful to Mr. Hickey for his suggestion. We will have to investigate and find out all the facts. One thing is that the City's contribution will be somewhat higher than anticipated if we go back to January 1956. We will also be interested to have an expression of the City employees speaking through their Union, indicating what is their desire. Obviously, we want to do the best thing for all employees. It should be referred to the Committee on Finance tomorrow, and perhaps Mr. Hickey can give us further information at that time. Also, if he can have somebody else to speak on the subject, it will be beneficial for our information.

Mr. Fagan:

There are two members of Council absent. We should have all members present on this all-important matter that concerns all employees of this City. It is anticipated that the employees will accept it.

Mr. Hickey:

There is a plan to have an immediate election on May 1st. The Committee went along on that ten to one. Mr. Fagan is right, of course; although, you should allow the fact that people aren't going to operate against their best interests.

Mr. Jones:

I would suggest that, since something like \$300,000.00 is set up in the appropriation Ordinance for 1957, that he talk to the Budget Controller and also contact the Law Department, so as to get all the necessary information that is available. Mr. Fagan brought up an important point—that some members of Council are absent. We want Mr. Dinan and Mrs. D'Ascenzo present at the meet-

ing. There is nothing we can do tomorrow.

Mr. Rodgers:

As I interpret Mr. Hickey's statements, that after the election on May 1st, an additional question is to be asked of the employees. The first is, do they accept Social Security; and, the second, the date of retroactivity. There won't be final disposition on this until a later date. There is another matter that has to be considered, and that is the cost to the City. We have to get an estimate of that. I don't think it necessary to have the gentlemen from Harrisburg tomorrow to make certain points clear to us and their answering any questions we may ask. We should ask the Budget Controller to furnish a report about the increased cost and a communication from the Union indicating what their desire is.

Mr. Hickey:

It was my understanding that you stated that the election wouldn't be later than September of this year under the Social Security Act. I am

requesting that we do have the opportunity to make it retroactive to January, 1956.

Mr. Jones:

Mr. Hickey's request is that we don't take final action until we give him an opportunity to be heard. We can assure him that his request will be granted.

The Chair:

When we receive the letter from Mr. Hickey and the information from the Budget Controller, we will be in a better position to go further into the matter.

Mr. Jones moved

That the Minutes of Council of Monday, April 1, 1957, be approved.

Which motion prevailed.

And upon motion of Mr. Fagan,

Council adjourned.

Mr. Jones	Mr. Gallagher (Pres't)

Absent:—

Mrs. D'Ascenzo

The Chair:

Members of Council, we are honored today with the presence of Lieutenant Colonel Paul D. Seiler of the Salvation Army, who will deliver the invocation.

Lieutenant Colonel Paul D. Seiler of the Salvation Army offered the following prayer:

We invoke Thy divine blessing upon Thy people on this day. It is

proper, especially during the Passion Week of our Lord, that we remember the claims of Christ upon our lives. While we remember the tragedy of the Cross, we also recognize the triumph over the tomb. The Easter season brings with it victory over death, with resurrection—new life—yes—life everlasting.

We especially ask Thy blessing upon members of our City Council. We are happy to have public citizens of integrity and honor to serve us and we pray for further wisdom, knowledge and understanding for them in interpreting the problems presented.

These mercies we ask in Thy name.

Amen.

The Chair:

Thank you Lieutenant Colonel Seiler for your inspiring prayer.

Report to Council, City of Pittsburgh
Fifty-Fifth Annual Convention, Pa.
Federation of Labor.

March 26th.

The opening session of the fifty-fifth annual Convention of the Pennsylvania Federation of Labor, AFL., was called to order by President Joseph McDonough at 10:30 A.M., Tuesday, March 26, 1957.

With a registration of 1,587 Delegates attending it was noted that this Convention was probably the largest in the history of the Penna. Federation of Labor.

Invocation was made by the Rev. Charles Owen Rice, Pastor of St. Joseph's Church, Natrona, Pa.

In the absence of Mayor David L. Lawrence, President of Pittsburgh City Council, Hon. J. Gallagher welcomed the Delegates and offered the hospitality of the City to them; Mr. Gallagher spoke of the City Administration's interest in the problems of Labor and of all Citizens in general; his remarks were given an enthusiastic ovation.

Among the speakers at this first morning session, was the President of the Pittsburgh Central Labor Union, John Fiegal, who spoke of the vast public improvements, City wide, over the past several years, and of additional improvements contemplated by City planners before the Pittsburgh Biennium in 1958, stressing the fact that all citizens of Pittsburgh and surrounding areas have benefited greatly by this program.

Resolutions of interest to the general public and of Government units

at all levels introduced and referred to respective Committees were many put forward by Public Employees Local Unions and having to do among other things with strengthening Mental Health Programs, Adequate Educational Facilities, Highway Safety, and for better Relationship between Public Employees and Administration; all these resolutions were eventually approved by vote of the Delegates.

Final speaker of the morning session was James L. McDevitt, President of the A.F.L. Committee on Political Action, who, after stressing the importance of the labor vote and of the need for improved interest by all members of Organized Labor in Government at all levels, spoke of Labors' Interest in putting their own house in order, but also made the point the criticism of Labor has been out of proportion to other mistakes made in private industry and financial circles.

The session adjourned at 12:05 P.M.

March 26th., P. M.

Afternoon session of the Convention convened at 2:00 P.M., with President Joseph McDonough presiding; reports of some Committees were heard and voted upon after which the Honorable Joseph S. Clark, United States Senator from Pennsylvania was introduced and accorded a rising ovation; Senator Clark presented his reactions in conditions in Washington as he has observed them during his ninety day incumbency; he thanked the leaders and members of organized Labor for their consistent support in 1949-51 and 1956; in the body of his speech he summarized specifically what might be done to advance the Legislative interests of the average Citizen of the Commonwealth of Pennsylvania and of the members of organized labor in general; he concluded by saying, "I have not been down there long enough to forget what I think you sent me down there to do, but neither I nor other liberals can do it without you, when you wake up and go to work, we will, too."

Final speaker of the afternoon session was Mr. Ralph Wright, Labor

Counsellor of the United Nations Labor Agency; the theme of his talk was the continuing struggle to improve working conditions and living standards of ordinary people everywhere standing for peace and progress through the democratic process of free labor, free employers, and a free world.

After further reports from Committees the afternoon session adjourned at 4:50 P. M.

March 27th, A.M.

The second day of the convention was called to order by President McDonough at 10:10 A.M. After the invocation by Reverend Edward Wilson of Trinity Cathedral and the resolving of some convention business, the first speaker of the morning was Mr. Carl Megel, President of the American Federation of Teachers. He cautioned the Public and Labor in general to be continually on guard against those that are striving to undermine the advancement of American Public Education, and of the necessity of recruiting and holding, through adequate salaries, qualified teachers.

Mrs. Raphael Tourover, representing Washington Hadassah, then spoke to the Delegates on Israel, relating from first-hand observation, some of the things that are happening in that Country, with a special emphasis upon the impact of that Country upon the lives and Citizens of America. She spoke of the aid afforded by Labor in the growth and establishment of Israel from the time of Samuel Gompers to the present, and urged continued support of all Labor and well minded Citizens in Israel's effort to advance the cause of freedom and liberty for all people warning that our own national welfare may well depend upon the successful solution of current incidents in the East. (President Joseph McDonough informed the Delegates that Mrs. Tourover's speech would be printed in Hebrew as well as English for distribution to the friends of Israel.)

Secretary of Labor and Industry for the State of Pennsylvania was next to address the convention; he

congratulated the Leadership in the A.F.L. and C.I.O. in the State of Pennsylvania for their efforts in consummating a merger which he said was unquestionably in the Public interest as well as in the interest of a strong Labor movement. He spoke of the serious problem of unemployment in certain areas throughout the State and the efforts of his Department to re-allocate employment. He spoke of minimum wage laws which are already on the statute books, but about which little has been done since the Earle Administration in 1937; he stated that a problem in which every Citizen of the Commonwealth should be concerned with is that of accidents and fatalities in Industry and on the Highways; he concluded his remarks asking for a closer relationship between management and labor.

The final speaker of the morning was Harry Boyer, President of the Pennsylvania C.I.O. Council who outlined the part played by Labor on the Governor's Tax Policy Advisory Committee; Labor Members on that Committee being Joseph McDonough, President, Pennsylvania Federation of Labor, David McDonald, President, United Steel Workers, and Tom Kennedy of the United Mine Workers.

This session adjourned at 1:15 P.M.

March 27th, P.M.

The Tuesday afternoon session was called to order by President McDonough at 2:45 P.M. Invocation by Rev. LeRoy Patrick, Bethesda Presbyterian Church.

At this point in the Convention Governor George M. Leader was escorted to the Rostrum and was given an outstanding ovation lasting several minutes.

Governor Leader in his opening remarks stated "Good trade Unions and good Government have this in common; they don't just happen; you don't get them the easy way—because there is no easy way; you buy them with guts, with integrity, with patience, with idealism, harnessed to good horse-sense." He espoused the cause of Labor in its ability to keep its own house in order, and to take measures

to police its own ranks; he spoke of the pressure brought to bear upon Government by Labors' enemies; he then spoke of his own troubles in contrast to those of Labor and stated that unless he gets some real help, a lot of good legislation was headed for the graveyard of oblivion, put there by hostile interests; in conclusion he definitely aligned his Administration with good honest Labor Leadership by saying, "I can assure you that the anti-Labor laws that have become a part of some States, WILL NOT HAPPEN HERE". A standing and enthusiastic ovation was again given.

After the Governor's Address, Delegate Joseph Sabel of Butchers Local 590 moved that the Convention go on record endorsing the Governor's program in full; the motion was put to a vote and carried unanimously by acclamation.

The session was adjourned at 5:00 P. M.

March 28th, A.M.—P.M.

MOTIONS AND RESOLUTIONS

Mr. Fagan:

Mr. President, in line with the action of City Council a week ago, a committee composed of Charles F.

Dinan, David Olbum and myself was appointed to draft a suitable resolution on the death of Thomas E. Kilgallen, a former member and President of Council.

We are pleased to present this resolution for action by Council.

Mr. Fagan presented

No. 2651

WHEREAS, On Sunday, April 14, 1957, Almighty God, in His Infinite Wisdom, removed from our midst Thomas E. Kilgallen; and

WHEREAS, He was a faithful and able public servant for many years, serving with distinction in varied capacities on every level of government, namely, Solicitor for the Pittsburgh Registration Board, 1926-1929; Assistant United States Attorney, 1934-1936; member of the Pennsylvania State Senate, 1936-1940; Assistant County Solicitor, 1936-1937, Assistant City Solicitor, 1937-1940; and in his first term in Council he was elected its President, and served in that capacity until 1951; and

WHEREAS, Mr. Kilgallen, as a man and a public servant, earned the respect and admiration of many people in all walks of life; his manner was simple and sincere, his purposes were forthright, his character was lacking in ego or artificiality; Now, therefor, be it

RESOLVED, That the Mayor and the members of Council do hereby express their sincere regret at the recent death of a former associate, colleague and friend, and extend to the family of Thomas E. Kilgallen their deepest sympathy in this hour of bereavement; and be it further

RESOLVED, That the Clerk of Council be instructed to forward a copy of this resolution to the family of the late Thomas E. Kilgallen.

Which was read.

Mr. Fagan moved

The adoption of the resolution by a rising vote.

Which motion prevailed.

Mr. Fagan:

Mr. President, I rise to a question of personal privilege and ask that the letter sent by Charles C. Levey, International Vice President, Building Service Employees' International Union, Pittsburgh, to the Editor of the Pittsburgh Press, captioned UNION CONVENTION PAY DEFENDED, be printed in full in the Minutes of today's Council meeting.

The letter is as follows:

From the discussion that has developed over the issue of payments of two or three days' wages to four employes representing the City of Pittsburgh's vast industrial plant at the recent convention of the Pennsylvania Federation of Labor, one might obtain the impression that this annual gathering is something in the nature of a "salesmen's holiday" or funfest.

Nothing could be further from the truth.

The convention is, in actuality, an Institute of Human Relations and the broadest discussions forum we have in the Commonwealth for the consideration and threshing out of industrial, economic and community problems under which all segments of the population must live.

There, policies and programs are formulated and put into motion that affect all of our daily lives.

Whether our capable controller so regards it or not, the City of Pittsburgh is "industry." It operates one of the largest maintenance and servicing plants in the nation and in the world employing thousands of men and women.

The four men whose pay was questioned by Controller Frey are representatives of city service and maintenance divisions and are affiliated with the Building Service Employees International Union, AFL-CIO.

They were privileged to attend the convention for the purpose of keeping themselves abreast of developments in the sphere of industrial and social relations so that they can better

serve the interests of their community as public employes.

It is there they may obtain the benefit of mass opinion and of mass analyzation of the problems that develop from day to day to confront labor, industry and government, and which necessarily must be solved by labor and industry and government.

It is difficult to conceive how the City could better invest \$138 in wages which actually represents three days' pay for four employes.

It certainly could not afford to hold itself aloof from such association, for the interchange of economic ideas affecting the community life—no more than it could afford to isolate itself from an exchange of ideas for improvement of public safety, government administration, re-development planning and a thousand other enterprises with which it is faced in this fast changing world.

We are indeed fortunate to have in City Council the services of Messrs. Fagan, Counahan and Gallagher who are indeed experts with magnificent backgrounds in the complex fields of labor-industry-government relations.

I know of no other City government in the United States which can boast such a rich array of group talent.

CHARLES C. LEVEY,

International Vice President Building Service Employees' International Union, Pittsburgh.

Mr. Olbum moved

That the Minutes of Council of Monday, April 15, 1957, be approved.

Which motion prevailed.

And upon motion of Mr. Dinan

Council adjourned.

Absent:—

Mr. Counahan

The Chair:

Members of Council, we are honored today by the presence of Rev. Irving R. Murray, Pastor of the First Unitarian Church of Pittsburgh, who will deliver the invocation.

Rev. Irving R. Murray, Pastor of the First Unitarian Church of Pittsburgh, offered the following prayer:

O God, Our Father, we thank Thee

for visions of our City, fair as she is and fairer still to become; and for fellowship in working together to make that dream come true. We rejoice in our common duties to Thee, as officers and as people of this City. Help us, we pray Thee, to fulfill those duties more earnestly, more diligently, more devotedly. Help us, also, to take always the larger view of every civic question, that we may truly build here, in our community, a city of freedom for all, of brotherhood and of hope, forerunner of that City of God to which we all aspire when we pray: "Thy Kingdom come." And may Thy will be done, here, today and always, by the leaders and by the people of our City.

Amen.

The Chair:

Thank you Reverend Murray for your inspiring prayer.

The Chair:

Members of Council, we are honored today by the presence of Reverend F. L. Gibbs, Pastor, Manchester Presbyterian Church, who will deliver the invocation.

Reverend F. L. Gibbs, Pastor, Manchester Presbyterian Church, offered the following prayer:

Our Father, Creator of the Universe and Architect of our lives, in Thy Name we meet together, humbly beseeching Thee to bless us in all our undertakings.

We are humbly grateful for the way in which our fair City and Nation, under Thee, have developed and prospered materially, morally and spiritually.

We beg Thy forgiveness in areas where we have failed Thee. We pray for Thy wisdom to guide us in all our deliberations - that the needs of Thy children may be met.

Where there is unfair play, may there be good sportsmanship;

Where there is social injustice, may there be human understanding and cooperation;

Where there is coercion, may there be freedom of action;

Where there is selfishness and greed, may there be charity and generosity;

Where there are broken lives and despair, may there be institutions of healing and inspired love.

Grant that we may be used of Thee to bring Peace where there is strife; healing where there is pain; love where there is hate; and righteousness where there is sin.

May all these and other worthy objectives, Our Father, cement us in the bonds of Brotherhood and united action; and have Thy favor, today and every day. Amen.

The Chair:

Thank you Reverend Gibbs for your very inspiring prayer.

The Chair took up

Bill No. 2681 An Ordinance entitled,

"An Ordinance accepting the dedication of certain property in the Second Ward of the City of Pittsburgh for public street or highway purposes for the widening of Barbeau Street from Fort Duquesne Boulevard to Liberty Avenue".

In Council, May 13, 1957, bill read, amendments agreed to and laid over.

Which was read.

Also

No. 2800

May 15, 1957

City Council
City of Pittsburgh
President and Members

Ordinance Accepting dedication of BARBEAU STREET - 2nd Ward - (Dept. Public Works' letter to Council, 4-29-57)

The City Planning Commission, at its regular meeting held May 14th, considered the ordinance:

"ACCEPTING the dedication of certain property in the Second Ward of the City of Pittsburgh for public street or highway purposes for the widening of Barbeau Street from Fort Duquesne Boulevard to Liberty Avenue" which was referred to this department by your office.

The Planning Commission recommends APPROVAL of the ordinance as issued because:

1. accepting the dedication will permit the WIDENING necessary to provide frontage for property in the Gateway, in accord with Redevelopment for the area.

2. the proposed widening will improve the intersection of Fort Duquesne Boulevard and Barbeau Street and the intersection of Liberty Ave-

nue and Barbeau Street.

The original redevelopment contract plans for the Gateway called for relocating Barbeau Street 100' eastwardly to coincide with the then considered western property line of the Equitable Life Assurance Society; the present ordinance extends only 80'. Mr. Hazlett of the Urban Redevelopment authority informs us that this 20' difference represents an exchange of property for a 20' widening of Liberty Avenue (from the originally planned 140' to the present 160'), the deeds are so recorded, and the present western property line will correspond to the proposed eastern line of Barbeau Street as proposed by this ordinance.

Yours very truly,
C. Ronal Woods,
Planning Director

Council met.

Absent:—

Mr. Rodgers

The Chair:

Members of Council, we are honored today by the presence of Rev. Paul M. Lackner, Diocesan Director, Holy Name Society and Catholic Guild for the Blind, who will pronounce the invocation.

Rev. Paul M. Lackner, Diocesan Director, Holy Name Society and Catholic Guild for the Blind, offered the following prayer:

Almighty and Eternal God, Creator

and Ruler of the world, who dost direct all things to Thy purpose through Thy Divine Providence, the members of this Council of the great City of Pittsburgh are humbly conscious that they share in Thy Ruling Power and that they have a part to play in Thy Holy Providence.

As they begin their deliberations today, they realize that their decisions are subject not to the will of the people only, but especially to Thy Holy Will according to which they will one day be judged. Just as the Holy Spirit, the Third Person of the Holy Trinity, once hovered over Christ as He was baptized, and as that same Spirit gave life to the Infant Church on Pentecost, so may He guide the work of this august body of men, whose counsel in large measure affects the lives of so many thousands of people.

Send the Spirit of Wisdom and Understanding so that they may see things as Thou doest see them; the spirit of Knowledge that they may be certain that they are acting in a manner in keeping with Thy revealed truth; the Spirit of Counsel that may always take counsel with Thee before making important decisions; the Spirit of Piety that they may look upon Thee as a Father and have filial confidence in Thee; the Spirit of Fortitude whereby they may courageously legislate what is right, even though it brings on opposition; the Spirit of Fear of the Lord whereby they may dread to do anything contrary to Thy Will. We ask this through Jesus Christ Thy Son our Lord, Who livest world without end.

Amen.

The Chair:

Thank you Father Lackner for the very inspiring prayer.

The Chair:

Members of Council, we are honored today by the presence of Dr. Thomas H. Newcomb, Pastor, Eighth United Presbyterian Church.

Dr. Thomas H. Newcomb, Pastor, Eighth United Presbyterian Church, offered the following prayer:

Almighty and Eternal God, our heavenly Father, in whose hands are the issues of men and of nations, we

bow in humble reverence before Thee, and with grateful hearts acknowledge Thy manifold blessings upon us as a people.

Thou hast been the Guide of our fathers through all the changed and changing circumstances of their lives. We humbly beseech Thee that we, their children, may prove ourselves mindful of Thy favor, and glad to do Thy will.

Bless our land with honorable industry, sound learning, and pure religion. Defend our liberties and preserve our unity. Save us from violence, discord and confusion, from pride and arrogance, and from every evil way.

Carry us, we pray Thee, in security to an honorable and glorious destiny; and grant that neither through arrogance begotten of prosperity, nor conceit bred of successful achievement, may we forget our dependence upon Thee for daily sustenance.

To all who sit in seats of responsibility and authority, impart we pray Thee, purity of motive, right judgment, in counsel, and discretion in administration. Look with favor, we beseech Thee, upon Thy servant, the President of the United States, the Governor of this State, the Mayor of our beloved city and the Members of City Council here assembled, and all others near and far who have been called to positions of leadership and trust.

Give to these Thy servants, who have assembled here this day to consider and make decisions, in matters vital to the welfare of a great city, wisdom to arrive at true judgments, and the moral strength and courage to stand always for the right, at

whatever cost.

Quicken in us all a sense of our common brotherhood; bind our people together, whatever be their rank or station, into a new bond of fellowship and understanding; and bless to our common good and to the working out in us of Thy beneficent and eternal purpose, the work of our hands and minds and hearts. All this we ask, through Jesus Christ our Lord.

Amen.

The Chair:

Thank you Doctor Newcomb for your very inspiring prayer.

MOTIONS AND RESOLUTIONS

The Chair presented

No. 2881

WHEREAS, the Pittsburgh Railways Company has applied to the Pennsylvania Public Utility Commission for the total abandonment of incline plane service between Warrington and Arlington Avenues, and Bradish Street, between Eleventh and Twelfth Streets, commonly known as the Pittsburgh Incline Plane, in proceedings docketed as No. A-84401; and,

WHEREAS, the Pittsburgh Railways Company has applied to the

Pennsylvania Public Utility Commission for approval of the abandonment of incline plane service between Bailey Avenue, near Haberman Street, and East Carson Street, at Arlington Avenue, commonly known as the Castle Shannon Incline Plane, in proceedings docketed as No. A-84399; and,

WHEREAS, the abandonment of such service will be against the best interests of the City of Pittsburgh; now, therefore, be it

RESOLVED, that the City Solicitor be and he is hereby authorized and directed to intervene in the proceedings before the Pennsylvania Public Utility Commission at No. A-84401 and No. A-84399, in opposition to the abandonment of incline service on the Pittsburgh Incline and the Castle Shannon Incline Planes.

Which was read.

Mr. Dinan moved

The adoption of the resolution.

The Chair:

Members of Council: Two years ago the Pittsburgh Railways Company tried to abandon these inclines and

the City intervened. The Public Utilities Commission denied it, and the Railways Company has threatened to do it again. It will inconvenience a lot of people living in the Eighteenth and Nineteenth Wards and surrounding areas. Therefore, it is the desire that these inclines be continued.

I have been informed, the two other inclines, one at the Pittsburgh and Lake Erie Station and the Duquesne Heights Incline are under private control and while they do not make a lot of money, they give the people service for the fares they charge. I think the Pittsburgh Railways Company should give consideration to the people who live in that vicinity for transportation to and from work.

And the question recurring on the adoption of the resolution, the motion prevailed.

Mr. Jones moved

That the Minutes of Council of Monday, May 27, 1957, be approved.

Which motion prevailed.

And upon motion of Mr. Dinan

Council adjourned.

A suspension of the rule to allow the second and third readings and final passage of the resolution.

And the resolution was read a second time.

Mr. Fagan:

Mr. President and Members of Council: On File No. 1586, Bill No. 2874, Resolution for a wararnt in favor of Roy R. Snowden, I intend to vote No on this resolution. I think the award is exorbitant and I cannot, in conscience, vote for the bill.

Mr. Weirs

In view of Mr. Fagan's statement, I intend to vote for the bill. He has referred to the amount as being exorbitant. As I recall the statement submitted by the Law Department in connection with this bill, our own expert would necessarily testify before a jury in Court that the amount owing to the plaintiff would be this sum. Consequently it would be beyond comprehension, in my mind, that a jury would return less. In view of the fact that the expert would testify in behalf of the plaintiff to justify a value of some \$20,000.00 or more, it would be unbelievable that the verdict would not be substantially higher than \$33,840.00.

I merely make my statement in view of what Mr. Fagan has said for the reason I will vote for the bill.

And the resolution was read a third time and upon final passage the ayes and noes were taken and being taken were:

Ayes:—

Mr. Counahan Mr. Olbum
Mrs. D'Ascenzo Mr. Weir
Mr. Jones Mr. Gallagher (Pres't)

Noes: —

Mr. Fagan

Ayes 6. Noes 1.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

In Finance Committee, June 4, 1957, read and amended by inserting in blank space the amount "\$676.70", and as amended ordered returned to Council with an affirmative recommendation.

Which was read and laid over one week.

Mr. Jones:

Mr. President: Doubtless some of the members of Council saw in yesterday's Pittsburgh Press an article under the heading "GOP Hopefuls Start Crusade in Upper Hill".

If you will recall, some two weeks ago we had the representatives of the Hill District Home Owners and Tenants Association, approximately 70 people in this Council Chamber. At the time we sent for the Department heads involved and we reached an understanding. This article gives the impression, and while I am reluctant to dignify it by answering it, I feel that in the interest of the truth, I should state that special progress has been made on the complaints raised at that meeting, together with the fact that an atmosphere of cooperation exists between this tenants' group and our department heads which we have solicited and are very happy that we enjoyed it.

I think it well to point out that last week within one-half block of where they were holding their meeting in the Hill; Heman Street was being re-surfaced, Adelaide and Camp Streets have been re-surfaced. The equipment was just moved last week. If these gentlemen had been actually interested in seeing what was going on, it is suggested that while they were looking that they admit that what they saw was actual performance rather than promises. This Administration has made improvements at the Herron Hill and the Bedford Avenue Reservoirs. As a result of our street improvement program there has been a building boom started. There have been more new residences constructed in the past three years than there have been the last fifty years. I refer to the houses built in the 2400 block of Bedford Avenue, Allequippa Street, Cherokee Street, Webster Avenue Extension, and Iowa Street. The people in this section have been encouraged because of what this Administration has accomplished. I should like to set the record straight on another point in regard to complaints about the condition of the streets. We have re-surfaced Centre Avenue; from Dinwiddie to Herron Avenue; Trent Perry; and Elmore Streets have all been re-surfaced and the people are generally satisfied with the current efforts of this Administration.

One thing I take particular exception to in the article when it states what Mrs. Chas. Pace said: "We are tired of what Davey Lawrence is doing downtown, while forgetting us other taxpayers." She categorically denied to me that any such conversation took place with Mr. McCaffrey, and that the Mayor's name was never mentioned.

This is a move to cloud the issue and to stir up unrest at a time when we are making real progress. This is for the information of the Press and Mr. McCaffrey, and his colleagues and if they honestly want to see what we have done we will be very happy to show them, not only his delegation, but any other delegation and point out what this Administration is doing for the people in the Hill District.

The Student Council of the Herron Hill Junior High School, accompanied by Robert Blaszak, Teacher, attended this meeting of Council. They were welcomed by President Gallagher. Mr. Jones explained the procedure of Council and introduced the other members of Council. Miss Marlene

Goodman responded by thanking Mr. Gallagher for his welcoming remarks, Mr. Jones for his thorough explanation of the procedure of Council and the other members of Council for their kind reception.

Mr. Fagan moved

That the Minutes of Council of Monday, June 3, 1957, be approved.

Which motion prevailed.

Mr. Fagan moved

That Council adjourn and stand in silent prayer out of respect to the memory of Hon. Francis J. O'Connor, Judge of the County Court of Allegheny County, and Mrs. James W. Patterson, widow of the late James W. Patterson, former City Clerk.

O Thou who art the Creator of the universe and of our individual lives, we offer our prayer unto Thee in this hour, asking Thy blessing upon us. We thank Thee for Thy continued mercies which have been extended to us, and for all Thy manifest goodness to the children of men everywhere. We especially thank Thee, our Father, for this land of freedom in which we live, and for the heritage of opportunity which has been established here in brotherhood before the world. Grant, we pray Thee, that all those who are entrusted today with the responsibilities of government, may be strong and courageous in their leadership, that guided by Thee, they may lead us forward in righteousness during these days of crisis.

DEPARTMENT OF LAW

June 21, 1957

Committee on Public Works
Council
CITY OF PITTSBURGH

In re: Bill No. 2786—Ordinance Changing to a Commercial Class A District Property on the Easterly Side of Wyoming Street; Property at Wyoming Street and Grandview Avenue, Nineteenth Ward.

Gentlemen:

By letter of June 19, 1957, there was transmitted for the consideration of this Department, an Agreement between property owners relating to the above bill.

The Agreement relates that Montvue Corporation purchased property at the southwest corner of Grandview Avenue and Wyoming Street and petitioned for and procured a zoning change from commercial zoning to residential zoning with a 100 foot height limitation, for the purpose of erecting an 8-story apartment building.

Subsequent to the Montvue Corporation purchase and the zoning change of its property, Alburgan Development Company, Inc. purchased property directly across the street from Montvue Corporation property. The Montvue property was zoned in part commercial and in part residential with a 3-story height limitation. Montvue Corporation, by Bill No. 2786, the Ordinance in issue, deserves that the zoning be changed to commercial with a 100 foot height limitation. This zoning change is desired so that the Corporation may erect upon the property an apartment hotel and facilities normally incidental thereto.

Alburgan Development Company, Inc. request for a zoning change was submitted to the Planning Commission, together with the plans of the proposed structure to be erected if the zoning change were effected. The Planning Commission, this office is

informed, recommended among other things that Alburgan Development Company, Inc. bind itself to the Montvue Corporation by an agreement that it will construct its building substantially in accordance with the plans on file with the Planning Commission and that this covenant should run with the land.

The Planning Commission also recommended that in consideration of Alburgan's covenant, Montvue should withdraw any objections to the change of zoning to be effected by Bill No. 2786 and should further bind itself to refrain from making any objections to the zoning change requested.

The agreement submitted with your letter of June 19, 1957, effectively complies with the Planning Commission's recommendation. It contains additional matters which are consistent with its main purpose and necessary for the accomplishment of that purpose. We note that the property is described as being situate in the Tenth Ward. It is actually in the Nineteenth Ward, but its more particular description as being situate at the corner of Grandview Avenue and Wyoming Street prevails and the error in Wards is of no consequence.

This office approves the mutual covenant and agreement between Alburgan Development Company, Inc. and Montvue Corporation, bearing date the 18th day of June 1957, as submitted, and is of the opinion that it effectually meets the recommendation of the Planning Commission.

Very truly yours,
J. F. McKenna, Jr.

The Chair:

Members of Council, we are honored today by the presence of Rev. John B. Kniseley, D.D., Pastor of the Mt. Zion Evangelical Lutheran Church, who will deliver the invocation.

Rev. John B. Kniseley, D.D., Pastor, Mt. Zion Evangelical Lutheran Church, offered the following prayer:

Almighty God, our Heavenly Father, Thou Great God of the universe, it is with a profound reverence

of Thy Majesty and a deep dependence on Thy Providence that at all times we may call upon Thee. In this Meeting of the City Council we pause to acknowledge past favors and constant blessings, which are multitudinous. Trusting in Thy promises and seeking to do Thy will, we would ever be conscious of Thy gracious leading.

We give thanks to Thee for this wonderful land in which we are privileged to live and for the goodly heritage which is ours. Thou hast made us recipients of Thy grace and favor and hast showered upon us manifold gifts. It has been good for us once again to commemorate the birth of our nation and to recall our freedoms. In doing so, O God, we ever remember the great sacrifices of those who helped to make and preserve us a "nation under God, with liberty and justice for all".

We thank Thee, Eternal God, for this great City. We praise Thee for the men and women, who have done so much in transforming and making attractive its physical aspects.

We pray Thee, give wisdom and discerning judgment unto all who are called upon to exercise authority and to administer government in our City. As these representatives of our citizenry council together, may they be "wise as serpents and as harmless as doves" in dealing with the issues which affect the welfare of all.

These and all favors we pray in the Name of Thy Holy Son, our Lord.

Amen.

The Chair:

Thank you Rev. Kniseley for your

very inspiring prayer.

Mr. President, before the meeting adjourns I would like to call the attention of my colleagues to an article that appeared in the Magazine Section of the Sunday Press in case any of you may not have read it.

The article reviewed the long and useful career of the President of this body, and I think it is proper that we show on the record of this meeting of Council that we not only enjoyed the contents of the presentation but that we concur in the kindly references to Mr. Gallagher.

He has been a useful resident of Pittsburgh as a private citizen, as a leader in the Labor Movement, and in more recent years as a member of Council. We share an interest in the progress he has made, and it is our hope and prayer that he will long continue in his public duties.

Mr. Gallagher:

As President of Council, I want to thank you, Mr. Dinan, for your kind and gracious remarks. I am mystified as to how the reporter of the Press obtained this story and especially the picture which accompanied it.

The Chair:

Members of Council, we are hon-

ored this afternoon by the presence of Rev. Kenneth C. Fraser, Pastor, The Christian and Missionary Alliance Church, 709 Union Avenue, North Side, who will deliver the invocation.

Rev. Kenneth C. Fraser, Pastor, The Christian and Missionary Alliance Church, offered the following prayer:

Dear Heavenly Father, we enter into Thy gates with thanksgiving, and into Thy Courts with praise. We are thankful unto Thee and bless Thy Name, for Thou art good and Thy mercy is everlasting and Thy truth endureth to all generations. We thank Thee that Thou hast not dealt with us after our sins, nor rewarded us according to our iniquities, for as the heaven is high above the earth, so great is thy mercy toward them that fear Thee. Like as a father pitieth his children, so Thou dost pity them that fear Thee. Thou dost know our frame and remember that we are dust.

While we bless Thee for all Thy innumerable mercies to us and for the privilege of having been born in these United States, and for all the liberties and freedoms that we as a people enjoy, for blessings material, financial and physical, yet above all these, we thank Thee for Jesus Christ Thy Son, our Savior, who is the giver of every good and every perfect gift. In Him we live and move and have our being.

We come to Thee humbly in the name of our Lord Jesus to invoke Thy blessing upon these men who have been elected to represent the people of our city in handling the affairs and problems that face us. Thou hast shown us instance after instance

in Thy infallible word of man's inadequacy to govern his fellowmen by his own intuitions and skills. Only as men have been governed by Thee have they adequately governed the people. We ask that these men may yield themselves to Thee, in humility seek Thy face, and that there may pour over them in overflowing abundance, great breakers from the Pacific of Thy grace. We definitely ask that our hard working Mayor and the members of the City Council may have not merely a head knowledge of Thy Son Jesus Christ, but that they shall have a heart knowledge of Thy beloved Son, and honor Him in their lives and decisions. Like Joshua, may they be strong and of a good courage. Like Daniel, may they purpose in their hearts to please Thee. Like David, may they pray, "search me O God, and know my heart, try me and know my thoughts, and see if there be any wicked way in me, and lead me in the way everlasting." Like Paul, may they determine, "I press toward the mark for the prize of the high calling of God in Christ Jesus."

We thank Thee O God for Thy faithfulness to us in the city of Pittsburgh. We thank Thee for all of the advantages and improvements that have been and are being made. And yet, above and beyond all these, we are reminded that the roots of sin have burrowed down into hearts here as well as all over this earth. It seems that so much of that which is called news is that which flagrantly violates Thy commandments and grieves Thee. Forgive us O Lord, we pray Thee, cleanse us with Thy precious blood, and lead us in paths of righteousness for Thy Name sake. These things we ask in the hallowed name of Jesus Christ, Thy Son, our Lord, to whom all glory and praise shall be ascribed. World without end.

Amen.

The Chair:

Thank you Rev. Fraser for your very inspiring prayer.

The Chair:

Members of Council, we are honored today by the presence of Rev. Gordon E. Jackson of the Pittsburgh Xenia Seminary, who will deliver the invocation.

Rev Gordon E. Jackson of the Pittsburgh Xenia Seminary offered the following prayer:

Eternal God, our father, we thank

Thee for the work Thou givest us to do. Whether it is work with the hands or the minds, or both, help us to do it with a full heart. We thank Thee that Thou art not a God who dwellest only in temples, but rather that Thou art the God who goeth with us into the marketplaces and into the council rooms. Wherever we do our work, help us to do it as unto the Lord.

Keep us near to Thee that we might stand for something, lest we fall for anything. Keep us conscious of Thy will that in our deliberations we might not act out of mere expediency. In the practical business of politics, help us to do what Thou wouldst have us do.

Help those of us who are in places of responsibility to know the needs of those about us. Wherever there is hurt, anguish, torment, need, privation, anxiety, help us to seek out the causes and by Thy power to remove those causes. Give us the grace, O God, to build a brotherhood of man beneath the fatherhood of God. In the name of Jesus Christ, our Lord, we pray.

Amen.

The Chair:

Thank you Rev. Jackson for your very inspiring prayer.

ONE HUNDRED NINTH COUNCIL

THOMAS J. GALLAGHER....President

GEORGE BOXHEIMER.....City Clerk

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, September 30, 1957.

Council met.

Present:—

Mr. Counahan	Mr. Olbum
Mrs. D'Ascenzo	Mr. Rodgers
Mr. Dinan	Mr. Weir
Mr. Fagan	Mr. Gallagher (Pres't)
Mr. Jones	

The Chair:

Members of Council, we are honored today by the presence of Rev. J. Wayland McGlathery, Th. D., Pastor of the First United Presbyterian Church, 815 Union Avenue, North Side, Pittsburgh, Pa., who will deliver the invocation.

Rev. J. Wayland McGlathery, Th. D., Pastor of the First United Presbyterian Church offered the following prayer:

Almighty God, Thou who dost raise

up nations and overthrow nations according to Thy sovereign will, we lift our hearts and minds to Thee in adoring praise.

We thank Thee, O God, that Thou hast provided the way for the forgiveness of our sins and made possible our receiving the gift of eternal life through the sacrifice of Thy Beloved Son Jesus upon the cross of Calvary.

We remember that Thy word exhorts us "That first of all supplications, prayers, intercessions, and giving of thanks be made for all men, for kings, and for all that are in authority, that we may lead a quiet and peaceable life in all godliness and honesty."

We beseech Thee, O God, that Thou wilt guide these men of our City Council in "The paths of righteousness for Thy name's sake". That Thou wilt reveal to them "How they ought to walk and to please Thee, so that they may abound more and more." Give them the wisdom of Solomon, the compassion of David, the integrity of Paul, and the very love of Christ for their task.

O God, give them such a consciousness of Thy presence that they will never make a decision without lifting their minds to Thee through Thy appointed mediator the man, Christ Jesus, for that wisdom, vision, and guidance which Thou hast promised to those that ask.

Bless our City, give us continued growth and prosperity, not only in the renaissance of material things, but also in a revival of spiritual life and recognition of eternal values.

We ask all these things, O God, that

Thou might be glorified, in the name of the Father, and of the Son and of the Holy Spirit, Amen.

Thank you Dr. McGlathery for your very inspiring prayer.

The Chair:

Members of Council, we are honored this afternoon by the presence of Monsignor John Bilock, Pastor, St. John Chrysostom Greek Catholic Church, 506 Saline Street, Pittsburgh, Pa.

Monsignor John Bilock, Pastor, St. John Chrysostom Greek Catholic Church, offered the following prayer:

O Sovereign Lord of Heaven, God of Might, Wisdom and Justice, Source of all Authority, it was Thy will that these Thy servants be elected to this responsible office through which laws

are enacted for the good of Your loving people residing in this religion-conscious City of Pittsburgh.

Being mindful of this and remembering that all grace for the meritorious fulfillment of this sacred trust is from above, coming down from the Father of Light, through Whom authority is rightfully administered, they turn to Thee in prayer as they begin their deliberations, realizing that their decisions are subject not to Thy people alone but especially to Thy Holy Will according to which they will one day be judged.

We pray to Thee for an abundance of Thy holy grace for each and everyone here present. As Thou did send the Holy Ghost upon Your Apostles at the outset of their work, making them men of wisdom, understanding, knowledge, counsel, piety, fortitude and doers of Thy Holy Will, so also send down the Giver of these Gifts to the august body assembled here. Through Your medium, grant them the Spirit of Wisdom and Understanding to view matters in their proper perspective; the Spirit of Knowledge giving them certainty in their decisions, the Spirit of Counsel to invoke Thy Aid in making important decisions, the Spirit of Piety that they may look upon Thee as a Father and have confidence in Thee; the Spirit of Fortitude to legislate what is right regardless of any opposition and the Spirit of Fear of The Lord to do nothing contrary to Your Divine Will.

May these blessings remain with them for all time. Amen.

The Chair:

Thank you Monsignor Bilock for your very inspiring prayer.

Mr. Dinan moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. Fagan:

Mr. President: One File No. 1939, Bill No. 3447, in connection with the purchase of automobiles that did not come up to the specifications of the City as asked for, I intend to vote No.

There is so much competition in the automobile business that I know some of the companies would be glad to meet all of the specifications of the City of Pittsburgh or anybody else

who is going to purchase an automobile. For that reason I am voting No.

Mr. Dinan:

Mr. President: I think the bidder met the specifications. I think the question is a legal one, as to how to interpret the specifications. In a meeting with the Director of the Department of Supplies, everybody involved, as far as the City was concerned, the bidder, the Ford Automobile Company, came to an agreement whereby they would share \$250.00 of the additional cost, and there was one objection- the vote was not unanimous, and that was the man who drew up the specifications. He felt he would not be helping himself if he agreed fully on the compromise. Everybody else was in thorough agreement.

Mr. Fagan:

Mr. President: The statement made by Mr. Dinan may be absolutely correct but it says "the specifications pertaining to the generators (alternator type) on 24 Ford cars recently purchased by the City of Pittsburgh from the Pascoe Motor Company". It is true that the company is going to spend some of their own money but at the same time the City is going to spend money that we should not be required to spend. There is no reason we should not get the kind of generators specified. If it is not met by Ford it is met by Chrysler or some other Company. The competition is keen and there should not be any doubt that you should get what you specify.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:

Mrs. D'Ascenzo	Mr. Rodgers
Mr. Dinan	Mr. Weir
Mr. Jones	Mr. Gallagher (Pres't)

Which was read, received and filed.

Which was read.

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. Newton H. Fritchley, Ph. D., Pastor of Brookline Methodist Church, Brookline Boulevard at Wedgemere Avenue, Pittsburgh 26, Pa.

Rev. Newton H. Fritchley, Pastor of Brookline Methodist Church, offered the following prayer:

Almighty God, unto whom all hearts are open, all desires known, and from whom no secrets are hid, cleanse the thoughts of our hearts by the inspiration of Thy Holy Spirit, that we may perfectly love Thee, and worthily magnify Thy Holy Name.

For Thy Presence with us here this afternoon, and for those who have positions of responsibility in our city, we give Thee hearty thanks, our heavenly Father.

Thou dost know how we have met at a time when the winds of crisis would blow us off course. Crisis, which range all the way from our innermost personal conflicts to the ominous sounds from outer space, tend to upset us. In fear and trembling, often, we do not know where we are going, or where we should go.

And so, when other men would think that we are escaping through prayer—we, by our bowed heads, signify our belief that in resorting to prayer we are starting at the right place.

O Lord, be Thou our Pilot, we most humbly beseech Thee. Take the helm of our lives. Keep us steady in this time of testing. Bring us through those uncharted daily experience in which many an otherwise seasoned soul is lost. Guide us into the havens which Thou dost desire for each of us.

We would not ask for Thy blessing upon those things which we do without Thy steering. Both now and ever, gracious Lord, we would seek Thy purpose—and endeavor in its light to make our stay on earth of value to Thee and to our fellowmen.

In the Saviour's Name we pray.

Amen.

The Chair:

Thank you Rev. Fritchley for your very inspiring prayer.

Rev. James B. Cayce, Minister of the Ebenezer Baptist Church, offered the following prayer:

Gracious God, Father of all man-

kind and Director of the universe, we invoke Thy blessing upon our City Council in their deliberations. We pray for Thy guidance in their decisions. We humbly beseech Thee to send Thy Holy Spirit to the members of this Council. Give each one all the wisdom that earthly training and experience can give and when their earthly knowledge has gone its limits, bear in upon them and give them insight from heaven. May the radiance of Your presence illumine the hearts and minds who participate in this meeting.

Bless the Mayor, President and members of this body. Help each one of them to be steady and strong in their hour of testing.

Bless the people of this great city and of this great nation. Help each one of us to act and live so that this will always be a nation under God and that our City will be a "Beloved Community."

We pray for all who have positions of responsibility in our City, and all its citizens.

Department of City Planning

TO: President and Members

DEPARTMENT: City Council

DATE: October 15, 1957.

SUBJECT: Accepting the dedication of Log Way—(Hoeveler Street) 11th Ward—(C.B. No. 1787)

(Dept. Public Works letter to Council 10-7-57)

The City Planning Commission at its regular meeting held today, considered the ordinance:

ACCEPTING the dedication of certain property in the Eleventh Ward for public use for highway purposes for the opening of Log Way, from Hoeveler Street northwardly 128 feet and naming the same "Log Way", which was referred to this department by your office.

The Planning Commission DISAPPROVES the offer of property at 6037 Hoeveler Street because:—

1. There is no advantage to the City in accepting this property since it would become a public street requiring City Maintenance.

2. This property is not essential to circulation in the area and improvement would not be a general public benefit.

3. This property serves only as means of ingress and egress to the rear and garages of 6 properties fronting on Hoeveler Street and is only of convenience to them.

Yours very truly,

C. Ronal Woods,
Planning Director

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. George E. Little, Pastor of the Aspinwall Evangelical Lutheran Church, 403 Maple Avenue, Pittsburgh 15, Pennsylvania, who will deliver the invocation.

Rev. George E. Little, Pastor of the Aspinwall Evangelical Lutheran Church, offered the following prayer:

O Lord, Everlasting God, Who hast permitted to be established and grow

and develop in this place, a great city: We thank Thee for the many blessings that come to all who share in the life of this city. And we pray that Thy Great and Loving Hand be upon this city constantly, to protect it against all calamity, and to prosper all efforts made for its advance in religion and morality, in education and culture, in industry and commerce. O God, direct the hearts and minds of this body, who bear authority to govern this city. Help them with the power of Thy Holy Spirit to make laws in accordance with Thy will, and for the advancement of righteousness. Guard them against the snares of the enemy and the deceits of the world; let no pride of power betray them into rejection of Thy commandments. And grant that all the executives and officials, and all the people, may with one mind serve Thee, our God and King. Through Jesus Christ, our Lord. Amen.

The Chair:

Thank you Rev. Little for your very inspiring prayer.

Mr. Olbum:

Mr. President: With regard to File No. 1997, Bill No. 3561, I introduced this bill last week and it was reported affirmatively by the Committee on Finance last Tuesday. Questions have arisen with regard to this bill that it should be recommitted to the Committee on Finance.

This bill was originally introduced at the request of Fort Pitt Lodge, Fraternal Order of Police, and all of us felt that the ordinance was designed and would accomplish what it attempted to accomplish, to-wit: a reduction in income tax to police in all catagories. This was passed in the

City of Columbia, South Carolina, and was upheld in the Courts in Columbia, South Carolina. No questions were raised, we approved it in Committee meeting. After that it occurred to us that this bill may create complications, and upon inquiry it did develop that superficially, at least, it appears that this bill would not be desirable for the police officers, themselves, in that it would result in a reduction in their salaries during the period over which their pensions are computed, therefore resulting in a reduction, and therefore be undesirable. It may well be that additional studies are required of an actuarial nature.

Mr. Dinan:

Mr. President: I would like to make a statement. I think when the people involved, in the future, that they ask us to look into it, rather than give releases to the newspapers. It would be better to hold them back until we make a thorough examination before giving releases to the newspapers.

Mr. Counahan:

Mr. President: A committee comprising Messrs. Rodgers, Jones and myself made a report in regard to Council Bill No. 3551, and I request permission at this time to have the report incorporated in the minutes of this meeting.

The statement of Mr. Counahan made in Committee on Filtration and Water, Tuesday, October 22, 1957, is as follows:

Mr. Chairman: This line is a main feeder line from our Reservoir to the Downtown section of the City. Your Sub-Committee on the Rehabilitation of the Water System, comprised of Messrs. Jones, Rodgers and myself, along with the Capital Improvement Committee, agreed and decided that the 60" Pump Line from Filtration Plant to the Lanpher Reservoir should be reconditioned by cleaning and encased in concrete. There are 17,000 feet of that line. It is 60 inches in diameter and of steel construction. Today we had another problem confronting us,—an emergency development. It is going to be necessary to take care of that line in the future. The cheapest way to do this will be to have the 36 inch line cleaned, inspected and any necessary repairs made. As to repairs, I doubt if that is necessary as it is in excellent condition. There is sediment in the line. It is now lined with sediment, and is now operating at only 55 per cent of capacity. When we get into the cleaning of the 60 inch line, it will be necessary for the 36 inch line to carry the complete load. It will have to be working at capacity. At Butler Street, there are to be resurfacing repairs by the State. We cannot hold the 60 inch line longer than necessary. The cleaning will have to be done before the work is completed on the street. Sections of the street have to be opened, tunnelled, — there is the street car line. Cuts have to be made every 2,000 feet, which entails reinforcing. We must have traffic on the streets. It was estimated to cost over \$50,000.00. It will be necessary to install shut-off valves and replace certain ones. It is all included in the cost. I might say that in the cleaning of the line, we will have a thorough check of the line. That does not say we

may not have a break there. A new line could be installed and still have a break. The topography of our City, particularly where there are springs, may undermine our water line. A spring may not be in existence at the time of the installation of the pipe line; but will develop later and undermine our lines. When that happens, we could have a break on that line. There is no guarantee that there will be no break on the line. The line may have varying pressures. It may have a pressure of 155 pounds in certain places and drop down to 85 pounds at another time. We are telling you that the line will be in excellent condition when the work is completed. Your Sub-Committee and the Department of Water have checked it. It does not say that something will not happen. We were criticized that a line that was more than fifty years old should have been taken out and renewed. That break was caused by vibration. There is an old street car line. We know that it is not necessary to renew the line. The pump line is 17,000 feet long. Your Capital Improvement Committee, when we looked at it, estimated the cost at \$800,000.00. It is as close as we came to it. To reiterate, we must get it working at its highest efficiency. The State has a widening contract around Etna Borough. We had a contract there to reinforce a certain amount of line. We find that just a little beyond that, that there is a repair to make which will entail about \$5,000.00. It is excavated now. I have requested the Department of Water to send the request to us for the extra work as soon as possible to expedite the work.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. Edward R. De Lair, Minister of the North United Presbyterian Church, Perrysville Avenue, at Vinton Street, Pittsburgh 14, Pa., who will deliver the invocation.

Rev. Edward R. DeLair, Minister of the North United Presbyterian Church, offered the following prayer:

Almighty God, our gracious Heavenly Father, we thank Thee for the

many blessings Thou has given us as American citizens. We thank Thee for our democratic heritage, for the fair ideal of government which recognizes liberty and justice for all. Grant us a vision of the living Christ who taught the lessons of brotherhood and good will. Ever give us, we pray Thee, the conviction, the courage, and the strength to be good citizens. Enable us to cast our ballots with discretion as we go to the polls tomorrow, that candidates of the right calibre may be elected to office.

Bless, O Lord, those who serve in government, especially those with positions of high authority. Bless the President, the members of Congress, the Governor of this Commonwealth. Bless the men and women of Pittsburgh who are in positions of civil responsibility; the Mayor, the members of City Council, and others who serve with them. Give them wisdom and guidance as they perform the duties which have been entrusted to them.

We sincerely believe, our Father, that nothing which concerns us is beyond Thy keeping and care; God will help us in all of our needs. Therefore we ask that a fair settlement may soon be arranged among the disputants in the transportation strike. Guide those involved to cast aside pride, self-interest, and prejudice that the best interests of all - management, workers, and community—may be served.

Our prayer is offered in the name of Jesus Christ, our Lord.

Amen.

The Chair:

Thank you Rev. DeLair for your

very inspiring prayer.

Mr. President: I just want to make comment on two bills on which Council is about to vote, namely Bill No. 3578 and Bill No. 3581, which are very important bills. One is for the erection of a water tank in the Garfield section of the City. For the newspaper reporters I do not want this to be interpreted as coming up for vote today because tomorrow is election day. This is a long-range program by the Water Department, on which there was a Committee consisting of Mr. Counahan, Mr. Rodgers and Mr. Jones, and the reason it is coming up today, it will take nine months to a year to have this tank fabricated and delivered on the site.

The other bill is for a long delayed playground in the Beechview section of the City. It is bringing two groups together in that section. One group was concerned about the disposition of this property and the other about the playground. I am very happy that these two bills are up today for action.

MOTIONS AND RESOLUTIONS

Mr. Dinan:

Mr. President: I present the following resolution, which was prepared by a Committee consisting of Mr. Fagan, Mr. Jones and myself, appointed by the Chair, and would ask the Clerk to read it.

No. 3626

On Saturday, October 26, 1957, Almighty God, in His infinite wisdom, removed from our midst William Driscoll.

William Driscoll was born in the City of Pittsburgh 77 years ago, and spent all of his life in his native city.

Over a period of 30 years he held many important public offices, among them local Collector of United States

Internal Revenue; Director of the Department of Supplies of the City of Pittsburgh, and at the time of his death, was a member of the Civil Service Commission of the City of Pittsburgh.

Mr. Driscoll was a loyal friend, a great American, and a faithful, conscientious and competent public official. He was one whose friendship was cherished.

He was a loving husband and a kind father.

He will be missed by his many friends in and out of public life.

THEREFORE, BE IT

RESOLVED, That the Mayor and the members of Council do hereby express their profound feeling of personal loss by the untimely death of William Driscoll; and be it further

RESOLVED, That this resolution be printed in the official record of Council and a copy thereof be transmitted to Mr. Driscoll's family.

Which was read.

Mr. Dinan moved

The adoption of the resolution by a rising vote.

Which motion prevailed.

Mr. Weir:

Mr. President:

Although our thoughts are naturally directed somewhat to the events of tomorrow, I feel impelled as a member of the State Board of Health to intrude briefly with a matter which is in no way connected with the election.

Last week you may have noticed an announcement in the newspapers that Dr. Berwyn F. Mattison has resigned as Secretary of Health of the Commonwealth of Pennsylvania and as such ex officio Chairman of the State Board of Health. I am happy to confirm the statement that Dr. Mattison does not leave Pennsylvania because

of any differences with the Administration, nor even because the last session of the Legislature failed to implement some of his great plans for better public health in this state. He leaves, as he himself has said, simply because of the understandable desire to participate in broader activities as Director of the American Public Health Association. Although Dr. Mattison could not have been expected to decide otherwise, the simple fact is that Pennsylvania has lost one of its ablest public officials. This fact is not irrelevant to the conduct of the business of this city, because the Secretary of Health of the State is Secretary of Health to a certain extent for every municipality within the state and through operation of law the State Department of Health in countless ways directly influences the conduct of public health activities in all of the separate governmental subdivisions of Pennsylvania.

This State Administration has been marked by an unusual amount of controversy which got off to a fast start as a result of the ill-fated income tax proposal and has continued to a lesser degree down to the present time. This controversy has drawn so much public attention to it that unfortunately some of the Administration's real achievements and service have been lost in the noise of loud and sharp debate. Outstanding among the achievements I refer to has been the work of the State Department of Health under the capable guidance of Dr. Mattison in improving itself and lending notable aid to increasing and strengthening County Health Units. Of course, this has vitally affected the welfare of every citizen of the City of Pittsburgh and will play an increasingly important part in our lives in the future.

It is impossible to even briefly enumerate the accomplishments of the State Department of Health in the last several years, but one which may in future years and in retrospect seem most significant of all, is the initiation of a comprehensive field program for the control of the radiation hazard. It was my privilege as a member of the Board of Health to participate in the institution of a

of Pittsburgh; \$1,000,000 to be secured by a purchase money mortgage to be paid in four (4) annual installments of \$250,000.00 on October 1, 1958, October 1, 1959, October 1, 1960, and October 1, 1961, respectively".

It was my privilege as a member of the Board of Health to participate in the institution of a

program for radiation control which has since been copied by a number of other states.

Dr. Mattison possesses an unusual genius for organization and administration, a quality which is somewhat rare among men whose minds, like his, are the repositories of great scientific knowledge. His devotion to the ideal of improving public health on the broadest possible front is equaled only by his unflinching energy in carrying his plans into effect. His successor, as well as the people of Pennsylvania, will profit immeasurably by the work he has done.

I felt that it was my duty, as well

as my pleasure, to speak these few words about Dr. Berwyn F. Mattison to you gentlemen, who, over the years so loyally contributed to a better public health program in the City of Pittsburgh up until the time this function of government was assumed by the County of Allegheny.

Mrs. D'Ascenzo moved

That the Minutes of Council of Monday, October 28, 1957, be approved.

Absent:—

Mr. Weir

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. Raphael Sotak, Pastor, Carpatho-Russian Church, 2695 Woodland Avenue, Pittsburgh 12, Pa., who will deliver the invocation.

Rev. Raphael Sotak, Pastor, Carpatho-Russian Orthodox Church, offered the following prayer:

Our Father, we pray that you will bless the labors of Pittsburgh's City Council and every Urban Council who seek the welfare of the community, who endeavor to clean our thoroughfares, our air, our streams, and our citizenry of every uncleanness, and who elevate more and more the consciences of public servants who act in the public welfare.

We pray for intelligence among this group, and in our community. May intelligence spread, may more and more schools be fostered and built to teach men to rise above prejudices and superstition, so that our City may become the City of God.

We pray to you, Father, because we believe in You. We know that you also are invisibly present here among us, more alive than we, inspiring us to stand for integrity, for mercy toward the sick, handicapped, and unfortunate of this City, for humanity and liberty.

Amen.

MOTIONS AND RESOLUTIONS

Mr. Fagan:

Mr. President: Under a question of personal privilege, first, I would like to express my thanks and appreciation to all of the people of the City of Pittsburgh for the wonderful vote that we all received on Tuesday, November 5th. I wish to express my thanks and appreciation to everybody who voted for me, worked for me and supported me, also to express my appreciation to the Pittsburgh Post-Gazette and the Pittsburgh Press for endorsing my candidacy for reelection. I assure them and the citizens of the City of Pittsburgh that I will continue in the future, as I have in the past, to try to serve all of the people of the City of Pittsburgh.

I have an editorial from the Evening Bulletin of Philadelphia, dated Thursday, November 7 1957:

"PITTSBURGH PATRIOT

"Philadelphia is not the only Pennsylvania city which has been making itself over on a grand scale since the last war. The metropolis at the other end of the Commonwealth, Pittsburgh and its satellite communities, has been a worthy competitor in self-improvement.

"One man has stood out consistently in that corner of Pennsylvania during the years when the Golden Triangle has been rising through the newly-cleansed air of Pittsburgh. That is Mayor David L. Lawrence, now re-elected for a fourth term by a thorough, two-to-one margin of votes.

"Mayor Lawrence is not only a Democrat, but a veteran master-mind

of that party's campaign strategy; the man to whom the party's lesser geniuses turn when things get too snarled up. Since 14 other Pennsylvania cities chose Democratic Mayors on Tuesday, it might be assumed that the Lawrence victory was a part of a municipal trend.

"That would hardly be a full explanation for the Pittsburgh story. In recent years Lawrence has devoted himself to the renaissance of Pittsburgh first and, whenever he is permitted, exclusively. He has rejected easy chances for State power. His political capabilities have been lent to the task of getting Republican money and Democratic resources to work hand-in-hand for Pittsburgh progress."

"In keeping him on the job longer than they have any Mayor, the citizens of his city have recognized Dave Lawrence for the Pittsburgh patriot he is."

Mr. Jones:

Mr. President: May I have the privilege of making a statement. Through the courtesy of my colleague, Mr. Olbum, I have been handed a copy of the magazine published by the Fraternal Order of Police for September and October of this year. In that is a very commendable article written by Mr. Charles Schweinberg

of No. 3 Police Station, which gives a resume of what he was taught at the Workshop on Human Relations conducted by Chatham College August 12th to 23rd of this year.

I do not believe it has been my privilege to read an article that has the meat in it that this article has, and if there have been doubts in our minds as to whether the money is well spent, I would recommend that our colleagues read this article. To get the same impression I got you have to read it. I ask Mr. Olbum to retain this copy because it is worth reprinting, and I will try to get the Pittsburgh Courier to reprint it.

I am confident, after reading this article, the money that we spent is just like the bread that was cast on the water, and it is going to return to us one hundred fold. To those who have not had the privilege of reading it I certainly hope you will avail yourselves of the opportunity.

Mr. Fagan moved

That the Minutes of Council of Monday, November 4, 1957, be approved.

Which motion prevailed.

And upon motion of Mr. Dinan

Council adjourned.

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. Albert G. Curry, Pastor of the Smithfield Street Methodist Church, who will deliver the invocation.

Rev. Albert G. Curry, Pastor of the Smithfield Street Methodist Church, offered the following prayer:

We praise Thee, our Lord, our God.

From the rising of the sun to the going down thereof we shall praise Thee for Thou art high above all nations in Thy glory.

We thank Thee for the growing concern the strong nations of the world have for the welfare of the weak; for the solicitude the great show toward the small in desiring to teach them how to better their own lives by improving their lands, their schools, their homes and institutions; for the fact that this seed sown in another generation is now bearing fruit.

We give thanks to Thee for our spiritual blessings, for our measure of earthly prosperity, for our health, our happiness, our friends; for rest, for sight, for calmness within. For all our blessings we give Thee heartfelt thanks.

Amen.

ONE HUNDRED NINTH COUNCIL

THOMAS J. GALLAGHER....President

GEORGE BOXHEIMER.....City Clerk

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, November 25, 1957.

Council met.

Present:—

Mr. Counahan	Mr. Olbum
Mrs. D'Ascenzo	Mr. Rodgers
Mr. Dinan	Mr. Weir
Mr. Fagan	Mr. Gallagher (Pres't)
Mr. Jones	

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. Thomas R. Bartley, Director of DePaul Institute in Brookline, who will deliver the invocation.

Rev. Thomas R. Bartley, Director, DePaul Institute, offered the following prayer:

We pray Thee, O Almighty and Eternal God, from whom all power and authority proceed, to look down upon your duly elected representatives here

gathered in session. Show them what they must accomplish in order that, with Thy help they may be able to please Thee in all things.

Suffer them not to disturb the order of justice, Thou who lovest equity above all things; let not ignorance draw them into devious paths, nor partiality sway their minds, neither let respect of riches or persons influence their judgment; but unite them to Thee effectually by Thy assistance that they may never forsake the truth. Let the light of Thy divine wisdom direct the deliberation of this Council and shine forth in all the proceedings and laws framed for our rule and government, so that they may tend to the preservation of peace, the promotion of happiness, an increase of industry, and the blessing of equal liberty.

This we ask in the name of the Father and of the Son and of The Holy Spirit.

Amen.

The Chair:

Thank you Rev. Bartley for your very inspiring prayer.

Mr. Dinan:

Mr. President: Some months ago the Council inaugurated the custom of opening the meetings of Council with prayer, and for the past ten months all formal meetings of this body have been opened with prayer by ministers of all faiths.

Today, the prayer was offered by an alumnus of the City of Pittsburgh. Father Bartley, in his seminarian days, was employed by the City of

Pittsburgh as a recreational leader in the then Bureau of Recreation, Department of Public Works; now known as the Department of Parks and Recreation. Likewise, his father before him was an employee of the City of Pittsburgh.

We are most thankful to have you, Father Bartley, with us today.

I might mention to my colleagues, who are not familiar with DePaul Institute, where Father Bartley is stationed, that it is one of the finest institutions of its kind in the Country. I know he came to offer the invocation and not offer invitations, but I am sure that he would be pleased to have you visit DePaul Institute at any time and see the wonderful work he and the good Sisters of Charity are doing there.

It is our fondest hope and prayer—and I know I bespeak the sentiments of all my colleagues—that Divine Providence will shower His blessings upon you so as to give you strength of body and mind to carry on your ecclesiastical duties for many, many years, especially to help you carry on your charitable and religious work at the DePaul Institute.

In conclusion, may the Lord's choicest blessings be yours.

DEPARTMENT OF LAW

Pittsburgh, November 25, 1957.

Honorable President and Members
City Council
CITY OF PITTSBURGH

In re: Realty Transfer Tax Ordinance
Gentlemen:

It is suggested that Section 2 of the proposed realty transfer tax ordinance for 1958 be changed in accordance with the attached revision. The change would fix liability for the tax on the transferee, i.e., the buyer, except where the transferee is an exempt party, in which case the transferor would be subject to the tax.

Previously the City's realty transfer tax has been payable by the transferor. Experience in enforcement of the tax has indicated that collection would be facilitated by imposing liability on the transferee. Rather than provide that either the transferor or transferee shall be liable for the tax, as is the case under the State realty transfer tax law, we believe it to be preferable to fix liability generally on the transferee.

Respectfully submitted.

J. Frank McKenna, Jr.
City Solicitor

CHANGE SECTION TO READ AS FOLLOWS:

SECTION 2. Imposition of Tax. A tax is hereby imposed on each transfer of real property situate within the City of Pittsburgh, or in any interest therein, regardless of where the instruments making the transfers are made, executed or delivered or where the actual settlements on such transfers take place. On and after the effective date of this Ordinance, every person who accepts delivery of any document, or in whose behalf delivery of any document is accepted, shall be subject to pay a tax of one (1%) per cent of the value of the property represented by such document, which tax shall be payable at the time of the

acceptance of delivery of the document. Where any document is delivered to the Commonwealth, to a political subdivision, or to an authority created by the Commonwealth or a political subdivision, the person by whom the document was made, executed, issued or delivered shall be subject to pay the tax, unless the transfer is between such governmental agencies, in which case no tax shall be paid. Where any lands, tenements or hereditaments are situate partly within and partly without the boundaries of the City of Pittsburgh, the tax shall be paid on the value of the portion of the lands, tenements, or hereditaments situate within the City of Pittsburgh.

Which was read, received and filed.

Mr. Dinan moved

That the bill be amended by striking out Section 2, and by inserting a new Section 2 as follows:

"SECTION 2. Imposition of Tax. A tax is hereby imposed on each transfer of real property situate within the City of Pittsburgh, or in any interest therein, regardless of where the instruments making the transfers are made, executed or delivered or where the actual settlements on such transfers take place. Where any document is delivered to the Commonwealth, to a political subdivision, or to an authority created by the Commonwealth or a political subdivision, the person by whom the document was made, executed, issued or delivered shall be subject to pay the tax, unless the transfer is between such governmental agencies, in which case no tax shall be paid. Where any lands, tenements or hereditaments are situate partly within and partly without the boundaries of the City of Pittsburgh, the tax shall be paid on the value of the portion of the lands, tenements, or hereditaments situate with-

I did not come here to make a speech. I came here because I ran into Councilman Olbum on the street, and he said, "I am late. will you come with me and help me get straightened out"? I was a past master at being late.

I just dropped in to say "hello." I

know the fine job you are doing. I want to congratulate the members who were re-elected. Everywhere I go, and I travel a lot, I am glad to say I am a Pittsburgher and to hear the good things that are being reported about the way my colleagues are carrying on. You are making a great reputation throughout the world for the improvements being made here and the way the affairs of the City are being conducted.

I wish you luck, God's speed and many, many more years of success.

ONE HUNDRED NINTH COUNCIL

Council met.

Present:

Mr. Counahan Mr. Olbum
Mrs. D'Ascenzo Mr. Rodgers
Mr. Dinan Mr. Weir
Mr. Fagan Mr. Gallagher (Pres't)
Mr. Jones

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. John Kocisko, Professor and Spiritual Director of the Byzantine Catholic Seminary, 3605 Perrysville Avenue, Pittsburgh, Pa., who will deliver the invocation.

Rev. John Kocisko, Professor and Spiritual Director of the Byzantine Catholic Seminary, offered the following prayer:

O God, the Creator of all things and

the Giver and Sustainer of life, who has made man to Thy image and likeness so that man might, on this earth, learn to know, love and serve You, his Lord and Master, in order to some day enjoy the eternal happiness of heaven, his true home, grant that the members of this Council may so conduct the business before them as to be an aid for themselves and the people of this metropolis in attaining that end, eternal happiness.

Cleanse their hearts from all evil, fill them with courage to disregard mere human respect and self interest in their decisions, enlighten their minds to see the truth, and strengthen and guide their wills to choose the truth and a course of action which will be just and fair, because it will be in conformity with Thy will.

Teach them to think of Thee before they act, to think of Thee when they act, so that they might be rewarded by Thee after they have acted.

May their authority to rule, which they have received from You, the Supreme Lawgiver and the final Judge of all mankind, be wisely used for Thy greater honor and glory and for the greater temporal and spiritual advancement of all concerned, so that both they and we might all have a greater share in the goodness which You have provided man on this earth, and some day a greater share in the goodness of heaven which You have prepared for those who love and serve You. Amen.

The Chair:

Thank you Rev. Kocisko for your very inspiring prayer.

Members of Council: Mayor Lawrence will now deliver his annual budget message.

Honorable David L. Lawrence, Mayor, appeared and said:

President and Members of Council:

I have the honor to present, for your consideration, the General Fund budget for operation of Pittsburgh's municipal government during the 1958 calendar year. This budget includes estimated revenues and expenditures for all City functions other than the Department of Water, whose budget is being presented to the Council in a separate document.

The City government, in common with individuals, businesses, and institutions, is faced with difficult problems in trying to keep pace with advancing costs caused by the inflationary cycle in which our nation is enmeshed. Equipment and supplies which must be purchased cost us more, contracts for services and construction are being bid at higher amounts, and municipal employees, hard-hit by rising costs in their own households, are demanding improvements in their wages and salaries.

These are hard facts which challenge the most prudent administrator.

The original departmental requests submitted to the Mayor for the 1958 budget totalled \$45,748,000. These requests, while justifiable from the departmental viewpoints, were reduced in the Mayor's Office by \$699,586, leaving a total of \$45,048,414, which is the basic budget being recommended for adoption.

Even with the reductions achieved in the final preparation of expenditure estimates, the 1958 basic budget is \$789,302 greater than 1957 appropriations.

Of this amount, \$500,000 is required for additional pension costs which must be met in this year's budget. The Municipal Pension Fund, it is estimated, will need \$200,000 more this year than was appropriated in

1957. The Firemen's Relief and Pension Fund, for which no appropriation has been made since 1950, needs \$300,000 in City funds to fulfill its obligations in 1958. The simple reason for these increases is that more employees are taking advantage of liberalized pension benefits now available to them. Beyond this fact, the Firemen's Fund has practically exhausted its accumulated reserves and will require appropriations from the General Fund from now on.

Next to rising pension costs, the major additional expense item in the 1958 budget, as it is being proposed, is caused by the automatic salary increases given to City employees covered by increment plans. The cost of these increases, including those affecting Carnegie Library employees, comes to \$129,150.

Taken together, pensions and the increment plans account for all but \$160,152 of the increase of the 1958 budget over 1957 appropriations.

More money was needed to provide for higher prices for equipment and supplies. In several instances, this budget will permit some new or expanded activities in the City's operations.

In the Department of Parks and Recreation, for example, funds are included to help combat the Dutch Elm disease which threatens to destroy thousands of trees in the city, and for additional costs in the recreation program which the Department conducts in the public schools throughout the city — a program that has been growing rapidly.

There is an allocation of \$4,200 in the Bureau of Police to rent business machine equipment to be used to further centralize and modernize the police records system. Another \$11,000 has been allocated for radio apparatus, to be installed in automotive equipment of various City departments to speed communications and improve service.

The Department of Public Works will require \$135,000 more for its street lighting program, to enable continued conversion of the lighting system to lamps of higher candle-

power and to provide for several hundred new installations. Here, it should be emphasized, the City is still taking advantage of prices for fixtures and brackets embodied in a contract which was signed in 1946 and took effect in 1950.

Beyond these items, however, there is little, if any, allowance for program expansion by any City agency.

New positions were recommended in only three departments.

The highest cost for this new personnel is in the Bureau of Police, where an additional \$118,500 will be needed this year to provide six new lieutenants, nine desk sergeants, and six detective sergeants.

In recommending creation of these positions, it is our goal to eliminate the necessity of assigning patrolmen to act for superior officers who are absent from duty because of pass days, vacations, or sickness. In addition, the Detective Sergeants would serve as commanders of various squads in the Detective Division, which now are headed by patrolmen acting as lieutenants.

I am certain the Council will agree that establishing these positions will go far toward correcting a situation in the Police Bureau which detracts from morale and from the overall efficiency of the force.

The Department of City Planning, which has contracted with the Urban Redevelopment Authority to study the Chateau Street renewal area on the North Side, requested four additional persons to help carry out this important assignment. The Planning Commission will be reimbursed for this study to the amount of \$50,000, so that the new positions will be compensated for in the future by revenues to be received from the Redevelopment Authority.

The only other new jobs included in the 1958 budget are five park policemen in the Department of Parks and Recreation. Actually, these men have been employed in the past, but they were paid from the Frick Park Trust Fund. The trustees for this fund find themselves unable to con-

tinue this obligation and, for this reason, the positions now must be included in the General Fund budget, at a cost of \$25,000 a year.

It should be apparent that no effort has been spared in dealing with this budget cautiously and frugally.

Many meritorious requests had to be rejected in order to keep expenditures down to a manageable level.

A notable exception is the need for aid for the Pittsburgh Symphony Orchestra, which is one of the city's principal cultural assets. I am recommending in my budget figures that \$50,000 be provided to pay for a series of free concerts to be presented by the Symphony as an extension to its regular season.

There is ample precedent for such action in other major American cities. Beyond that, the importance of the Symphony to this community makes it mandatory, in my opinion, for the City to do its share to keep the Orchestra alive and to help it grow even greater in its stature.

While there has been a determined effort to resist additional responsibilities for the City, the Symphony aid program has such far-reaching implications that I urge the Council to include it in its appropriation ordinance. I might point out that several years ago, facing similar budget problems, the Council wisely decided to provide funds for a senior citizens program in the Department of Parks and Recreation. Now this function has proved itself to be an integral part of our recreation activities, bringing a large measure of relaxation and companionship to our older citizens.

All of this is essential to building a community where living will be rewarding socially as well as economically. This is a work we cannot afford to ignore. It will require fuller attention, both by government and by other groups, to make certain that Pittsburgh's material and physical progress is matched by its social and cultural enrichment.

The basic budget being presented does not make allowance for additional costs for garbage collection, ash

disposal and The Animal Rescue League contracts; for a wage increase for City employees; or for meeting the prevailing union rates of pay, which the City has traditionally acknowledged.

It is estimated that the cost for providing the prevailing union pay rates will be \$325,000. Contracts for garbage collection on the North Side, for hauling and disposal of incinerator ash, and for the services of the Animal Rescue League will be \$70,000 higher this budget year than they were in 1957.

Most important of all, no one can ignore the fact that municipal employees have had a difficult struggle in meeting the rising cost of living which has had a heavy impact upon every American household. Therefore, I am recommending that the Council consider granting a five per cent wage and salary increase to all employees, except those covered by the prevailing union pay rates.

Such an increase would cost \$1,350,000.

The budget, including these recommended adjustments for wages and salaries and allowance for increased contract costs, would total \$46,793,414.

This may be summarized as follows:

Departmental Requests ..	\$45,048,414
Prevailing Union Rates ..	325,000
Increasing Contract Costs	70,000
Five Per Cent Salary Adjustment	1,350,000

Total Expenditures .. \$46,793,414

Revenues expected to be produced from all sources in 1958 amount to \$43,675,458. This figure includes a payment from the Water Fund to the General Fund of \$2,145,000, as a return on the City's investment in the water plant. It should be pointed out that although this amount has been due to the General Fund annually, under terms of the ordinance establishing the separate Water Fund, actual payments have been considerably below this figure. As a matter of fact, the Water Fund, from 1955

through 1957, has been deficient in its payments to the General Fund in the amount of \$2,890,575.

By bringing the 1958 payments up to the prescribed figure, the General Fund revenues, together with an anticipated surplus of \$3,200,00, would provide total resources of \$46,875,458, or \$82,044 more than recommended expenditures, as summarized below:

Estimated Revenues	\$43,675,458
Surplus from 1957 Operations	3,200,000

Total Resources	46,875,458
Less Expenditures	46,793,414

Surplus \$ 82,044

The surplus which the City expects to realize after its 1957 operations was not arrived at magically. It is due both to higher revenue collections than those estimated at the beginning of the year and also to the most stringent controls on departmental expenditures.

It is imperative that these same restrictions be applied to the City's operations in 1958 in order to assure a surplus at the end of that year. It is highly doubtful that the cash balance at the close of 1958 business will be as large as the 1957 surplus, but every effort must and will be made to keep expenditures at the lowest possible level.

We must continue, also, to demand that the Allegheny County Board of Property Assessment, Appeals and Review deal realistically with the assessment of property values within the City. Unfortunately, I cannot report any indication that the Board has yet adopted such a position. We will continue to press our case before the Board in the hope that some results may be achieved in the next triennial assessments of real property in Pittsburgh.

If the Council adopts appropriation and salary ordinances in substantial accordance with the recommendations contained in this budget, the City will be able to hold the tax line, which has

been the aim of this Administration in which I know the Council fully concurs. Adjustments will be necessary in water rents, as set forth in the letter accompanying the Water Fund budget, to bring that budget into balance.

By retaining our present tax rates, we will serve to encourage continued economic expansion within the city, which, in turn, will broaden our tax base as well as assure fuller security for the entire community.

This budget, in my opinion, is a realistic instrument for carrying out the City's obligations in the coming year. It keeps costs to a minimum, which has been a constant goal in Pittsburgh. It provides for limited expansion and improvement in services, in accordance with recommendation of the Mayor's Management Advisory Committee which is constantly seeking means to achieve a more efficient and economical municipal operation.

Every citizen can be proud that Pittsburgh has been cited as one of the eight American cities with the most outstanding municipal governments. I believe that the policies set forth in this budget will help us maintain that distinction.

Needless to say, it is subject to the closest scrutiny and examination by the members of City Council. If there are any possible reductions we have somehow overlooked, I am confident that you will search them out and take appropriate action. On the other hand, any additions to the Budget will require provision of new revenues to pay for them.

Pittsburgh has proved, during this past decade, its capacity for greatness. It has demonstrated that governmental leadership and citizen participation can remake a city, give it stronger character, firmer purpose, greater confidence.

That exciting and challenging work must be carried forward, with vigor and enthusiasm, in the years ahead.

In 1958, this city will begin its Bicentennial year, observing not only the greatness of our past but the

opportunities ahead which truly make Pittsburgh America's gateway to the future. It is our task to help mold that future into one as bright and as full as our boldest minds can envisage.

That is our duty and our purpose.

It is a responsibility which demands all of our energy and determination, without hesitation or falter.

It is a work, I am confident, that Pittsburgh can and will achieve.

I also have the honor to present to you the estimates of revenue and expenditures for the Department of Water, which constitute that agency's budget for the 1958 calendar year.

In the preparation of this budget, as with the compilation of the General Fund budget, every effort has been made to keep expenditures at the minimum level, while still maintaining the essential activities necessary to produce and deliver water of good quality to the City's consumers.

Anticipated expenditures in 1958 total \$6,284,756, without any allowance for a return on the City's investment, payable to the General Fund. These expenditures are \$44,696 greater than 1957 appropriations for similar purposes, due, principally, to rising costs of material and equipment, the automatic salary increases due to employees covered by increment plans, and the higher cost of water purchased from the South Pittsburgh Water Company for those City residents serviced by this private utility.

Included in anticipated expenditures is \$840,000 for rehabilitation of the water system and \$358,000 as reimbursement to the General Fund for services performed for the Water Department by such City agencies as the Treasurer's office and the Bureau of Automotive Equipment. Only one new position, that of an additional supervisor for meter repairs in the Distribution Division, has been provided for in this budget.

On the other hand, revenue from all sources amounts to \$7,106,500, or \$265,500 less than 1957 anticipated income. It is clear that the Water Department will not meet its 1957 reve-

nue estimates, which makes it necessary to adjust the 1958 calculations to a more realistic and, therefore, a lower level.

By adding the expected surplus, after 1957 operations, of \$300,000, the total resources available to the Water Fund for 1958 are \$7,406,500.

Comparison of the expenditure estimates, already mentioned, with anticipated revenues obviously leaves the Water budget in healthy balance.

However, no provision is included in the expenditure totals for meeting the prevailing union rates of pay, estimated at \$65,000, or to provide other Water Department employees with a five per cent wage increase, which will cost \$95,000.

Neither is there any allowance in these figures for a payment to General Fund as a return of the City's investment in the water plant. When Council separated the Water Fund from the General Fund, by enacting Ordinance 350, of 1954, it was stipulated that the Water Department should make an annual payment of \$2,145,000 to the General Fund. This was calculated at five and one-half per cent of a plant valuation of \$39,000,000.

Such a return has been anticipated in compiling the General Fund budget.

When all of these water expenses are included in the estimated expenditures, this budget is out of balance by \$1,183,256.

EXPENDITURES

Department Requests	\$6,284,756
Prevailing Union Rates ..	65,000
Salary Adjustment	95,000
Total Operations	6,444,756
Return on Investment	2,145,000
Total Obligations	\$8,589,756

DEFICIT: \$1,183,256

RESOURCES

Revenue	\$7,106,500
---------------	-------------

Surplus 300,000

Total Resources \$7,406,500

It is pertinent to note that in determining the rate of return to the General Fund, the most conservative plant valuation figure was established by Council. Actually, modernization of the Water Department's facilities, being carried on both with current water revenue and with bond funds, has materially increased the system's value.

Even with the valuation set by Council in 1954, the Water Department has failed to produce the stipulated fair return since 1955. At the present time, the General Fund is owed \$2,890,575 from operations of prior years.

In order to have the Water Fund function as it was intended, it is apparent that additional revenues must be raised by an increase in water rents. We have resisted such schedule changes for the past six years, despite the fact that the Water Fund has not been meeting its obligations. Now, however, I must recommend that the Council consider adoption of 1958 water rent charges which are twenty per cent higher than those currently in effect, leaving the service charge at the present rate.

Such a revision would produce about \$1,240,000 in new revenues, or an amount sufficient to bring this budget into balance.

A careful analysis will show that Pittsburgh's water charges are considerably lower, for the great majority of consumers, than those charged by other water systems in this area. As a matter of fact, the City is faced with additional costs in subsidizing those City residents who buy their water from the South Pittsburgh Water Company, whose rates are as much as 75 per cent greater than the charges of the municipal water system.

At the present time, according to the Board of Water Assessors, a customer who buys 12,000 gallons of water each quarter from the City pays \$4.93, while a consumer purchasing

the same amount of water from the South Pittsburgh Water Company is required to pay \$7.47 a quarter. Under a recent Public Utility Commission ruling, the City must pay to the South Pittsburgh Water Company the amount billed to its customers who are Pittsburgh residents at the retail rate, less a four per cent allowance for billing, collections and discounts. Thus the company is assured of 100 per cent collections, including those charges it levies against churches, schools, hospitals, and similar institutions.

In this 1958 budget, \$1,240,000 is needed to pay South Pittsburgh Water Company. This compares with a 1954 appropriation for the same purpose of \$800,640, or an increase of over fifty per cent.* Of course, City residents using South Pittsburgh service reimburse the City on the basis of the municipal water system schedule.

By raising the municipal water rents twenty per cent, the City consumers using 12,000 gallons a quarter will pay eighty-four cents more each quarter, or \$5.77. For the same quantity of water, the customer of Wilkensburg-Penn Water Authority would pay \$5.86, the customer of the West View Water Authority would be charged \$6.75, and, of course, the non-City customer of South Pittsburgh Water Company would be billed \$7.47.

Even with the recommended rate increase in effect, the City's schedule compares favorably with those of other water systems serving this area. However, there is still a large disparity between the City's charges and those of the South Pittsburgh Water Company.

I am asking the Water Department, together with the Mayor's Management Advisory Committee, to study these rate comparisons as well as the valuation of the City's system, and to make recommendations on any other changes which should be considered in adopting the 1959 water rent schedule.

It is important to remember that in the Spring of 1959, charges of the Allegheny County Sanitary Authority will be added to water rents in those communities being served by the Au-

thority. It is evident that if any additional corrections in the City's water rates are to be made, they should precede the start of the sewage billing.

In recommending the separation of the Water Fund from the General Fund in 1954, it was pointed out that municipally-owned public utilities should be self-sustaining and financed independently of regular governmental functions.

* Expenditures to South Pittsburgh Water Company: 1954 — \$800,640; 1955 — \$1,067,000; 1956 — \$964,660; 1957 — \$1,210,200 (estimated). It was also emphasized that the City should have a water rate schedule which neither subsidizes the general tax program nor is subsidized by it.

That was our original purpose and it has been the guide in the preparation of this budget.

Pittsburgh's water system, from the time water goes into the filtration beds until it is delivered into the homes, is undergoing an extensive program of modernization and improvement. It is essential that work continue, without interruption, to assure this community of water of the highest quality delivered in sufficient quantities.

I believe that this budget properly sets forth the expenditures which are required to carry on this program. Together with the capital improvement allocations, these funds will enable the City to provide the best possible water service at the lowest possible price.

We can have no lesser goal.

The Chair:

Thank you, Mayor Lawrence. I assure you Council will immediately give your budget consideration and work very diligently to complete the task before us.

No. 3808

James Culhane, one of the oldest members of the Bureau of Fire, Department of Public Safety, lost his life in the line of duty on Wednesday, November 27, 1957.

James Culhane started his career as a member of the Bureau of Fire 42 years ago, and during all this time served with distinction and credit to himself and his superiors, who recognized his ability, his high courage and reliability.

His death leaves a deep void in the ranks of the Bureau, and his fellow-workers will long remember his heroic deeds.

He was a loving husband and a kind father.

THEREFORE, BE IT

RESOLVED, That the Mayor and the members of Council extend their sincere sympathy to the family of James Culhane; that this resolution be spread upon the Minutes of Council, and that a copy thereof be forwarded to the family of James Culhane.

Which motion prevailed.

Mr. Dinan:

Mr. President: Before I move that this Council adjourn, I know I speak for all the members of Council when I say there is great happiness in Pittsburgh today because the transit strike has been settled.

It may seem that I am paying tribute to a man who is of the same political party as myself, but I think this Council should go on record to thank the men who cooperated with the Mayor—the men of labor and industry and others who helped to solve this problem and bring about a final conclusion. I know they spent many hours discussing this problem when they could have been home with their families. They presented a compromise to labor and management; it was accepted and the Trolley cars are on the street and the busses are on their way.

I think we would be remiss in our duties if we did not have recorded in the Minutes of this Council, on behalf of the people of Pittsburgh, our appreciation for the efforts of the Mayor and others who labored so tirelessly to bring this transit strike to a conclusion.

The Chair:

If there is no objection, Mr. Dinan's remarks will be incorporated in the record.

And upon motion of Mr. Dinan

Council adjourned.

ONE HUNDRED NINTH COUNCIL

THOMAS J. GALLAGHER....President

GEORGE BOXHEIMER.....City Clerk

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, December 16, 1957.

Council met.

Present:—

Mr. Counahan	Mr. Olbum
Mrs. D'Ascenzo	Mr. Rodgers
Mr. Dinan	Mr. Weir
Mr. Fagan	Mr. Gallagher (Pres't)
Mr. Jones	

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. Daniel A. Brennan, Executive Director, Pittsburgh Catholic, who will deliver the invocation.

Rev. Daniel A. Brennan, Executive Director, Pittsburgh Catholic, offered the following prayer:

O Holy Trinity of God, with sincerity and unfeigned humility, we acknowledge Your Divine Authority

and adore Your Infinite Majesty.

These members of the Council of this City of Pittsburgh are profoundly grateful for the gift of Faith which urges them to invoke your benediction upon this session. We beg your continued assistance that their activity will advance the Kingdom of God.

Enlighten their intellects that knowledge will be abundant and understanding keen and clear.

Grant that their desires and intentions will be seered of any evil designing and implant in their wills the courage to discharge obligations in the interests of justice and, when the well of justice is dry, permit them to see the need of dipping into the Charity of Christ.

May they possess the modesty which teaches that the dignity of their office is determined by the degree in which they adhere to Your Law, for they are administrators of a civil government which has its source and its dispensation only from You.

Give them that appreciation of man as a bearer of the image of You, Our Common Father, and force them, if necessary, always to be aware that they are to serve You through their devotion to these, their brothers.

Let them never forget that Your inevitable reward or punishment awaits their acts, that neither progress, nor prosperity is the sign of Your approval, but a conscience calm in the knowledge of having lived and acted by and in You.

In the Name of the Father, and of the Son, and of the Holy Ghost.

Amen.

The Chair:

Thank you Rev. Brennan for your very inspiring prayer.

WHEREAS, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

WHEREAS, the Director of the Department of Public Works, in letters addressed to the Mayor and the City Controller under date of November 25, 1957, has stated that an emergency has arisen requiring the transfer of the sum of \$312.00 to Code Account No. 1603-1 — Wages, Regular Employees — General Office — Bureau of Bridges, Highways & Sewers for the reason that there is a deficit in this account, the amount appropriated in 1957 having been based on the 1956 wage rate; also the transfer of \$1,500.00 to Code Ac-

count No. 1655-2 — Wages, Temporary Employees, Asphalt Plant, for the reason that these funds will be required for the payrolls for the labor forces at the Asphalt Plant for the remainder of the year, the shortage having been caused by extra work on Saturdays and Sundays repairing streets in the business areas of the city and for plant maintenance; also the transfer of \$19,000.00 to Code Account No. 1676-3 — Wages, Regular Employees — October to December — Division of Collection and Disposition — Bureau of Refuse, for the reason that the fourth quarter of the payroll has two more working days than the first quarter and that further a large sick leave due to Flu increased nearly three times the ordinary sick leave cost.

WHEREAS, such appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

MOTIONS AND RESOLUTIONS

The Chair presented

No. 3838

RESOLVED, That Edmund S. Ruffin, 5817 Solway Street, Pittsburgh 17, Pennsylvania, be and he is hereby re-appointed by the City of Pittsburgh as a member of the Board of the Allegheny County Sanitary Authority for a term of five (5) years commencing January 1, 1958.

Which was read.

Mr. Dinan moved

The adoption of the resolution.

Mr. Olbum:

Mr. President: I might say first.

of course, I refrained from voting because I happen to be a member of the Sanitary Authority Board and did not think it was proper for me to vote.

I am very pleased to see Mr. Ruffin re-appointed for another five year term. As all of you probably know, Mr. Ruffin is Vice President and General Counsel of Koppers Company and Chairman of the Sanitary Authority Board. Since he was appointed three years ago, he has devoted a great deal of time and attention to the affairs of the Sanitary Authority, and he is one of the many, many civic-minded and public-spirited citizens of the City of Pittsburgh who are making a tremendous contribution to the City and its renaissance without any compensation and I should like to make note of that fact the Council has made in concurring in this appointment for a full term of five years.

And the question recurring on the adoption of the motion, the ayes and noes were taken, and being taken were:

Ayes:

Mr. Counahan	Mr. Olbum
Mrs. D'Ascenzo	Mr. Rodgers
Mr. Dinan	Mr. Weir
Mr. Fagan	Mr. Gallagher (Pres't)
Mr. Jones	

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

Mr. Jones moved

That the Minutes of Council of Monday, December 9, 1957, be approved.

Which motion prevailed.

Mr. Dinan:

Mr. President: Before I move that this Council meeting adjourn, I noticed that on several occasions when we have invited a Priest or Minister or Rabbi to give the opening prayer

at our meeting we have had the honor to have them remain, and it thrills me today, because, at my invitation, Father Brennan is here today and gave us one of the most inspiring prayers ever offered in this Council Chamber.

For those who are not too familiar with Father Brennan's position, and I am not advocating myself as a salesman for the Pittsburgh Catholic, he serves as Executive Secretary of the Pittsburgh Catholic in the Diocese of Pittsburgh. Under his capable leadership during the past year I want to state to you that the subscriptions for the Pittsburgh Catholic have increased immensely. He writes a column weekly himself in this paper, which I read intently every week. I want him to know that we appreciate that he remained during the course of the meeting.

As it is coming close to Christmas, on behalf of all my colleagues I wish you a most blessed Christmas and a Happy New Year, Father Brennan.

I know that my colleagues will agree with the few remaining remarks I would like to make.

I hope all of you read in the Pittsburgh Post-Gazette an article written by Mel Seidenberg about a young man — a man who has devoted nearly his entire lifetime, fifty years, as a reporter at City Hall, and during my six years here I have grown to love John Thomas because I respect him as a man; a man who never attempts to put words into your mouth and reports in the paper as the thing happens.

One of the finest public officials in the United States and in my opinion he is to all my colleagues, before my coming to Council, the Chairman of the Board of County Commissioners, the Honorable John J. Kane, told me that "I was going to meet one of the finest newspapermen that ever covered a beat. That remark has proved to be absolutely true.

I know it is going to be a little expensive for the City of Pittsburgh,

but the fact that he is starting on his second fifty years as a newspaper reporter, I move that the article on John Thomas be included in the Minutes of Council today.

Which motion prevailed.

The Article is as follows:

Pittsburgh Post-Gazette:

JOHN THOMAS STARTS HIS
SECOND 50 YEARS AS NEWSMAN

City Hall Reporter's Dean Comes of Age

NEVER MIND HIS AGE — HE
HAS MADE, AND STILL IS
MAKING, MORE FRIENDS THAN
ANYONE EVER IN CITY HALL

By MEL SEIDENBERG
Post-Gazette Staff Writer

From the youthful looks of the man, the spring of his step, the trimness of his figure, it just might be surmised that John Thomas was working at his trade, without previous experience, of course, at the age of about five.

Tell his present age he may not. But he'll not be denying, for it is written here in the record, that today he begins his second 50 years of reporting the news for the departed Pittsburgh Sun and its living descendant, the Post-Gazette.

Hasn't Idled Time Away

Anyone not blessed with knowing, John Thomas obviously has not idled time away in John Thomas Park or at City Hall during any of the 13 political terms of the last nine men who have served Pittsburgh as mayor.

During this succession of mayors, all of them long gone except his incumbent friend, David L. Lawrence, adding up to nearly a half century, he has continuously and faithfully informed the Pittsburgh public about its government.

It's not true, as has been suspected, that he invented City Hall. But, as

long as can be remembered around press rooms, John Thomas has been the recognized, unchallenged "dean of City Hall reporters" in Pittsburgh.

Still it is not by years alone—years of careful, accurate, fair reporting, free of occupational cynicism and iconoclasm — that his life has been distinguished.

Special Sort of Human

The rather revolutionary Thomas philosophy he has lived by is what sets him apart. He has proved his doctrine that one can be a dedicated newspaperman without concealing his better qualities as a human being.

Though he does not himself believe it, being afflicted with a severe case of chronic modesty, John Thomas is a special sort of human being, one of the last of a vanishing breed.

Being gentle, considerate, compassionate, helpful, understanding, possessed of an old world refinement — all that comes as naturally to him as showing up at City Hall each day at 10 a.m.

It is his inborn habit to be a friend of, sympathizer with and favor-doer for all who cross his path — mayors and councilmen, Republicans and Democrats, policemen and secretaries, janitors and stenographers, fellow workers and rival reporters.

Had Park Created Downtown

It also is his habit to be a devout lover of all things of nature and beauty. Ten years ago one of his campaigns for "a place where a blade of green grass might be found amidst the concrete of the Golden Triangle," led to creation of a small but significant park at Grant and Water Streets (now Fort Pitt Boulevard).

By official resolution, Council named it for John Thomas. "It is fitting and proper that this newspaper reporter should be remembered for untiring efforts in having this plot of ground improved," the edict said.

Replied the crimson-faced reporter in embarrassed voice: "I love Pittsburgh, although I live in Crafton. I

should like to live the rest of my life in a way to deserve this honor."

This year, when the State rudely ripped out the trees and shrubs for the Penn-Lincoln Parkway, a near-revolt by friends of John Thomas was checked by City promises that a new John Thomas Park would be developed at a nearby location.

John Thomas comes from a line of Beaver harness-makers, leather-tanners and farmers. As a boy, he helped his father and grandfather in their harness shop.

Was Surveyor's Aide

In his senior year, he left high school to take a job with the Beaver County surveyor, then Michael Baker, father of the now prominent road-builder.

His first newspaper job was with the Beaver Star. For nearly three years, he wrote general news about Beaver Valley towns, doing it in laborious long hand. "City editors of that day thought the typewriter, being easy to use, tended to make reporters too wordy," he says.

About 1906 John came down to Pittsburgh to join the staff of the Pittsburgh Sun shortly after it was founded. He covered major mine disasters, wrote river and other news, composed editorials and worked on various desks.

During Mayor George W. Guthrie's administration, he began assisting Samuel G. Kennedy, later city editor of the Chronicle-Telegraph, with City Hall and political news for the Sun. In 1911, he took over the beat on a full-time basis.

Covered Political Conventions

A year later he covered his first national political convention and was at Baltimore when the Democrats nominated Woodrow Wilson for President. He also was at all of the 1916, 1920 and 1924 conventions.

Since then, his only assignment has been City Hall and the ups and downs of city government. Among his favorite anecdotes — and he has ac-

cumulated a store of them from his past years of being in demand as a banquet toastmaster — concerns one of the rare times he was "scooped."

That was in 1936. For months he had been tracking down daily rumors that the eccentric, unpredictable Mayor William N. McNair was about to resign. One day John cornered the mayor for a private press conference.

"Mayor," he implored, "I'd like to know the truth. Is there anything to these rumors? Are you going to resign?"

"No, John," McNair assured him. "Go home and forget it. I'll see you tomorrow."

So the trusting, conscientious reporter went home, relieved that day of the worry that had been persistently plaguing him.

"The next morning I was a little late getting to town," he recalls. "The first thing I heard when I stepped off the trolley were newsboys screaming: 'Extra . . . extra . . . McNair resigns!'"

Experiences Saddest Day

One of his saddest days was the one that marked the end of the Sun. It went out of business in 1927 as the result of a series of newspaper sales and mergers but its staff, along with that of the old Post, became part of the new Post-Gazette.

Once a year John gets quite sentimental about it in a reunion with other surviving Sun staffers and his revered publisher of that day, retired banker Arthur E. Braun.

Besides the City of Pittsburgh, City Hall and the people with whom he works, John maintains a sincere and consuming devotion to:

His wife, the former Katherine Schaefer, a private secretary when he married her in 1915.

New England, which he visits at every opportunity. Nineteenth Century architecture; nothing disturbs him more than talk of tearing down Richardson's classic County Court-

house and jail.

Engineering details of construction projects. City Planning. Flowers and trees; he would have made an excellent garden editor. Do-it-yourself puttering about the house, at which he is an expert.

All this — and more — is Reporter John Thomas of the past half century. None of it will change during his next 50 years.

Mr. Thomas:

Mr. President and Members of Council:

I would not trust myself emotionally to say a single word about my relations with the people in public life in this City. Newspapermen are accustomed to look at those in public life as two different persons entirely. We see the man we like; the congenial fellow, and then we look at the other man in relation to his duties to the public under his oath, and we are often critical when it is deserved and sometimes when it is not deserved.

I could not trust myself to attempt

to express emotions that sometimes come to me over the many expressions of kindness and sympathy that have been my lot down through the years in association with people in public life. I have been with Democrats and Republicans and have found most of them pretty fine people at heart, and this Council and this Administration are no exceptions. I can think of no one in it against whom I have an unkind thought, and better still, of no one can I think of who has entertained an unkind thought toward me. I can only say what I once said on the occasion when they named a little park after me. Some very nice things were said, most of them I did not believe. I did not think I was the person they were talking about, but I felt very, very humble.

I hope, in some measure, I can always be worthy of the fine confidence that has been reposed in the man they think I am. I thank you.

And upon motion of Mr. Dinan
Council adjourned.

Municipal Record

ONE HUNDRED NINTH COUNCIL

THOMAS J. GALLAGHER....President

GEORGE BOXHEIMER.....City Clerk

HARRY RUDICK.....Ass't City Clerk

Pittsburgh, Pa.,

Monday, December 23, 1957.

Council met.

Present:

Mr. Counahan	Mr. Olbum
Mrs. D'Ascenzo	Mr. Rodgers
Mr. Dinan	Mr. Weir
Mr. Fagan	Mr. Gallagher (Pres't)
Mr. Jones	

The Chair:

Members of Council, we are honored this afternoon by the presence of Rev. William J. Harvey III, Pastor, Macedonia Baptist Church, Pittsburgh 19, Pa., who will deliver the invocation.

Rev. William J. Harvey III, Pastor, Macedonia Baptist Church, offered the following prayer:

Almighty God, the Father of all mankind, for the gift of life, and all

that life implies, we thank Thee. With grateful hearts we bow our heads for the privilege of being a citizen in the great land. Defend our liberties; preserve our unity. Save us from violence, discord, and confusion; from pride and arrogance, and from every evil way.

We thank Thee for our city. Grant unto us a vision of our city as she might be: a city of justice, where none shall prey on others; a city of plenty, where vice and poverty shall cease to fester; a city of brotherhood, where all success shall be founded on service; where order shall not rest on force, and where the common weal is the concern of all its citizens.

Bless this Council, O Lord, for Thou knowest the problems with which they wrestle: the cross-currents of vested interests; the selfish aims of little men, the subtle pressures of powerful groups; the misguided advice of would-be friends. Give to each Council member added strength of character and greater faith in the destiny of this great city. Let nothing swerve them from the goal which they have conscientiously set, and may the authority entrusted in their hands be handled with justice and good-will for all. Thy special blessing we ask upon all of their deliberations through Jesus Christ our Lord,

Amen.

The Chair:

Thank you, Rev. Harvey, for your very inspiring prayer.

Mr. Rodgers:

Mr. President: Before we vote on this bill I understand Miss Connell would like to be heard on Bill No. 2471. I would ask that permission be granted.

The Chair:

If there are no objections, permission is granted.

Miss Teresa Connell, 4612 Murray Avenue:

I am expressing my opinion from what I have read in the newspaper about the Roosevelt School property. On the Roosevelt School property, Council took a big step last week when it approved in committee an ordinance changing the property from residential to Commercial. Councilman Fagan voted against the measure. The property located at Murray and Greenfield Avenues has been an issue for months. The Board of Public Education wants to sell it to a grocery chain for \$125,000.00. At a hearing many protested. The Department of Parks and Recreation said there were adequate recreational facilities nearby. Mr. Fagan said he would vote against the measure. He said residential properties might suffer. I am here to state that if we don't need a playground as stated, we do need a green spot. The Board of Public Education is a taxing body and if they need money they should get it through taxes. They have just increased the millage. The Loblaw Company has a market two blocks away from this property, so do you think we need another super market? I am told it is going to be planted and that parking is going to be on Loretta Street. Loretta Street is so narrow that two automobiles cannot be stopped on it at the same time.

I have been living there for forty-one years. That is my home. I am not going to sell my property. I want to live and die there. Is there no protection for me? I think the Bill of Rights of the United States Government says there is. I am going to be

chucked in between two rat holes. I am just asking any one of the Councilmen how he would like it to be done to him. Why, in forty-two years, can the Board of Public Education come and ruin us? I am here for human rights under the Constitution of the United States, and I think you will find a clause in there that protects me and my home.

We have all been told that after election the Giant Eagle is going to get it. It has been all fixed, I have gone out and got people to vote for you. You have been re-elected and a month later you turn about-face and do this. I was told by one woman who is registered Republican and I asked her to vote for you. She said, "Why should I vote for you, the Giant Eagle will get it anyhow." I want protection.

Michael Scarpino, 621 Montclair Street: Spoke in opposition to the zoning change.

Julius Tamburi:

We are here to protest the rezoning of the Roosevelt School site. We have many new markets in the last twenty years. We believe in defense of what we have in Hazelwood, Squirrel Hill and Greenfield. We have enough places to do our marketing. We feel there is no more need for commercialism. The reason for the School Board to sell — we cannot understand what their reasons are. If this continues on and the School Board sells, it is not going to be long until they will sell the Board of Public Education property out in Oakland.

Samuel Reingold:

I am a real estate broker and should be one to object if there is going to be a food market. I will give my reason why I did not object to this change. Young boys loaf around the school property. I have been representative of the tenants of properties for fifteen years and have had more trouble with youngsters doing damage to property there, especially in the evenings. They will be playing

games and the first thing you know they will be doing damage to the properties. Several times I went down to Oakland Police Station and paid them to keep the boys off. They said they are on school property and they can't really chase them. They are still doing it. Therefore, I believe if that property was occupied whether commercial or whatever it might be, the boys will not play and get into any fights and it will be a benefit to the neighborhood, than by leaving it as it is.

Mr. J. T. Caldwell, 4303 Murray Avenue:

I have lived there thirty-three years and am a property owner and taxpayer. I would like very much to see the zoning law changed. This neighborhood is going back and we need something new. These people who are opposing have a very selfish reason for a super market going in there. If this was changed to Commercial think of the revenue it would bring to the City. We have in our City much too much tax free property. Let's get rid of some of it.

Mr. Jones:

Mr. Prsident: I do not wish to be unpopular in what I am going to say and I do not want them to think I do not want to hear what they have to say. I believe in giving everybody the right to speak, but I recall we had several hearings on this particular matter. My mind is made up and nobody has fixed me. I would suggest that these people who appeared at the public hearing, if they have new information I would ask that they give us the new information rather than what we have heard in prolonged hearings that have taken place. To my mind this hearing is somewhat irregular.

The Chair:

It is somewhat irregular, and I agree with you we do not a repetition of what we had at the public hearings. This has been a bone of contention and we have been harassed by the people calling on the phone. I

did say I was interested in the houses and would like to preserve their property in some way. I want to say right here and now, nobody fixed me.

Mr. Rodgers:

I would like assurance from you that you are going to give us something new and not what you gave us at the public hearing. We all know what you said at the public hearing.

Mr. Fagan:

There were no objections when we were asked if they could speak. Mrs. Connell spoke and anybody else should have the right to speak.

The Chair:

I think the members of Council will agree with me, that is the policy of Council. Mr. Jones made the suggestion if they have anything new to present it; we don't want repetition.

Mr. Joseph Paul, 4217 Winterburn Street:

I did not have any intention of coming here, and am a little disappointed in what I have heard so far. I have heard two parties mention points which are not true and are not important things. The issue here is rezoning so it can be used commercially or keep it residential. One gentleman, who is a real estate man said the children are loafing on the corners and have nothing to do. What better reason is there than to give them something to do. I am very closely associated with the Little League and have two hundred children who participate but could have two hundred more if we had the facilities. There is going to be a new super market that is going to be within three blocks on Browns Hill Road. You can go down in our section and get anything you want. Please, gentleman, I ask you to consider keeping this residential.

Mrs. Andrew Kovac, We are adjacent to it. We do not have to call a policeman, and are just adjacent. You will be doing spot zoning. We

do not need any more shopping centers in that vicinity. I am asking you to keep it residential.

Mr. Robert Lieberman:

I am speaking this afternoon in behalf of the Retail Clerks' Association. I think I am fairly well acquainted with most of the members of Council and I can honestly say, knowing a number of you for many years, that this thing about you being fixed is something fantastic. I was sorry to hear such a statement made. It puts doubts on the integrity of this Council. I think I know the men in this Council and lady in this Council.

We are interested in this for a number of months. We know that there has been dickering going on, and this was being talked about for a period of eighteen months before there was any Loblaws on Browns Hill, but I know the company was dickering for this property and eventually going to purchase it. I do not have to tell you there are certain economic factors involved here. The City of Pittsburgh is making tremendous effort to keep people from moving outside its limits, and may I call to your attention, when I was in the market to buy a piece of property, what did real estate offer me—close proximity to schools, to churches and within walking distance of shopping areas, where there were a number of interests that can serve such as groceries, drugs, etc. That means value to land and to buildings. You can build on the Sahara Desert but if there are no people there and things to satisfy human needs, then the property is valueless. And we recognize that these are important factors in the economic life of this community. And to use this means approximately sixty regular jobs, with fifteen to twenty regular part-time employees. Generally, when people open in a community the people are hired within the community. We are in competition with other communities and it seems to me that the rezoning of this section cannot do any material harm to the community. We, in our community, were happy that a market was opened up. We appreciate the members of Council using their good judgment

and permitting the rezoning of this district. I thank you.

Mr. Saul Shapiro, Vice President, Giant Eagle:

I do not want to rehash the things we covered in the last meeting. I want to clear up two impressions. I want to clear up Miss Connell. The Giant Eagle opens no stores on Sunday. There are fourteen small businesses in the neighborhood of the school. I turned over a petition signed by thirteen of them. I will read how they feel about a super market there:

"12-21-57.

"To the Members of City Schools:

"The undersigned are merchants who operate businesses within the block of the Roosevelt School property. We urge Council to change the zoning of this property to commercial. A supermarket with parking is urgently needed in this area, and would be a help to all the other business establishments in the vicinity."

We have held a series of hearings with the City Planning Commission and I believe they approved the ordinance submitted to City Council. We have not intended to bring a group to make a series of speeches, but if Council be left with the impression that the people of the neighborhood are all on one side, I will remind you that we left with you a petition at the last hearing and in this petition they urgently requested the rezoning of this property to Commercial.

Mr. Dinan:

Mr. President: We have granted these people the privilege to speak here today, and although this has been our policy, there has not been too much repetition, but there has been some, and I cannot let some of the statements go unanswered.

Council had information from our Department of Parks and Recreation that this was not a good site for a recreation center, and we feel that we have other sites that have no recreation areas, and if we had

any money we would spend it there.

There was a statement made that this was a fixed proposition. That hurt me very much because I am not one to be fixed. I voted in Committee last Tuesday, and made a statement then, and since last Committee meeting I have got some additional information. I was not sure what was going to take place. I have got some additional information. Some say this was left over until after the election and to spoil somebody's Christmas. That was furthest from Council's mind. It has had public hearings and it was brought up now because everything dies at the end of this term, and to save the expense of going through this change of zoning again, that is the reason it was brought up today.

Unfortunately there are those who are going to be affected and I probably would feel the same way. But we in Council - I am from Morning-side - and I am elected by all of the people and must vote as to what the over-all effect will be. There are certain things the Board of Public Education can do that we do not have power over. These people failed to bring it to the proper body. I wish that the people of the neighborhood would take their trouble to the Board of Public Education before it comes to us.

My reason for my position being changed is because I have additional information. It is possible that this property, if it is not made available for a shopping center, there may be a request to put a warehouse there. So, we have a problem before us today.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

Noes:

Mr. President: On Bill No. 2471, in Committee meeting on Tuesday, December 17th, I made my position clear that I was going to vote against this bill, and am now voting against it.

When the name of Mr. Gallagher was called, he said:

I want to clarify my vote before I make it. In the Committee meeting on Tuesday, I said I was concerned about some of the residential property out there. Last Thursday, along with Councilman Fagan, I visited the site of the Roosevelt School property, and looked the situation over, and considered it was commercial now with the exception of a few residential properties. In my opinion, those residential properties will not be harmed, and I am going to vote aye on this bill.

MOTIONS AND RESOLUTIONS

Mr. Counahan:

Mr. President: Today we had a hearing - an unauthorized hearing. Under the Rules of this Council we do set up a hearing for people who are interested in a particular subject and they appear at that hearing and say whether they are for or against and make their views known.

Today, to help a woman out, we heard that lady who protested committee action, and we gave her permission to voice her particular objections, and if you look over the Minutes that was the only thing that was authorized today.

I personally, did not object to it, but lo and behold a public hearing, and nobody else - the Council did not have an opportunity to state whether they wanted this public hearing or not. As far as I am concerned, from now on, you can rest assured that I am not in favor of any hearings of this particular type. I heard some of the members of Council abused. I was not abused myself to my face, but maybe at the door, and I am big enough to take care of anybody who cares to abuse me. But from now on let us live up to the Rules of this Council and have no more public hearings at the regular meeting of Council. You see just what we got into, and one man left the hall and said "Let us get out of here before we get loused up." At a hearing I don't mind him saying that because I can answer, but here we have recessed, where the only thing we can do is stand out there and argue. This certainly was a disgrace and we should not get into another.

To go back over it, we had a hearing and the public was invited, and let us quit this kind of stuff. The only one given permission was that woman who objected to the zone change and here we get into a public hearing. I did not know a thing about this. Let us get away from this. Accusations were made for the reason that we had made a commitment in Committee by giving it an affirmative recommendation. I may, at any time, vote at that table for an affirmative recommendation and reverse myself here. I am allowed to do that. But for the reason it was affirmed in Committee - No. 1, we got into this hearing, and No. 2, we are accused of being a fixed Council. As far as being a fixed Council is concerned, I don't think anybody knows how I am going to vote on any particular bill. As far as being fixed, which is tantamount to saying I am crooked, I can say I have never taken

a nickel for anything and that applies to a long time before I was in Council. If that was brought up in a hearing you certainly could answer the person who made the accusation. We do not happen to be a fixed Council but I do not like to be in the position where I cannot answer. Unfortunately I did not hear the full statement but I am too much worked up about that for the reason I understand a lot of people think I am fixed. But I want to be able to answer people like that. I will never object to anybody coming up and making a plea, but when you get into a public hearing, no more for me. When you have a public hearing you do not vote.

The Chair:

You are entitled to your remarks and your opinion, but are you insinuating the Chair is responsible for this hearing or public hearing or public outburst? Mr. Dinan stated that the only reason they were in here was because of the expiration of this Council. I believe in the right of free speech and free assembly, and as Chairman of Council I do not deny them the right if they apply in the proper manner. This group was aroused. Mrs. Connell denounced me on the phone and called me and other Council members, and when she made the remark that this was fixed, I replied I wasn't fixed. As far as arranging a hearing before Council, the Clerk, Mr. Boxheimer, and I try to work out the time for such hearings. During my first term in Council, Robert Garland, who was then President of Council, opposed the granting of a permit to Emma Goldman to hold a meeting at the North Side Carnegie Music Hall. At that time I disagreed with Mr. Garland and said that any person should be given the privilege of free speech and free assembly.

Mr. Counahan:

I made the statement these people were in to the meeting and it does not have to be you, and I am not telling you, to be mean or vicious. I believe in free speech too, but I do not

believe in having a Council meeting chewed up and people making remarks and breaking up a Council meeting. There was nothing said that was not repetitious in the first place. I am not against free speech. I was for that woman to speak, and if you will look over the record, she received permission - nobody else. She was the only one. As far as I am concerned, I have said what I want to say. I hope we do not get into another hearing like this.

Mr. Jones moved

That the Minutes of Council of Monday, December 16, 1957, be approved.

Which motion prevailed.

Mr. Jones:

Mr. President and Members of Council: I know we were all stunned by the untimely death of Mr. Ray Sprigle. Mr. Sprigle was nationally known as a Pulitzer Prize winner, I think in 1950, and even before that brought fame to the City of Pittsburgh because this was the base of his operation, being on the editorial staff of the Pittsburgh Post-Gazette. He has done much good, not only for the City but for the State and Nation, and I move that when this Council adjourns, it shall adjourn out of respect to his memory, because his life gives account of the fact that the pen is mightier than the sword. I am sure we have suffered a great loss in his passing.

In addition to the motion that we adjourn out of respect to his memory, I also move that the Chair appoint a committee to prepare appropriate resolutions for presentation before this body.

Which motion prevailed.

The Chair appointed Messrs. Jones, Fagan and Dinan to prepare proper resolutions on the death of Ray Sprigle.

And

Council adjourned.

No. 3847

WHEREAS, Martin Raymond Sprigle had a distinguished career as a newspaperman, capped by winning the Pulitzer Prize in 1938; and

WHEREAS, Ray Sprigle, as everyone knew him, was imbued with a strong feeling for the underdog, both within and without the local community, a keen sense of justice, as well as the classic newspaperman's ability to find and follow a story with honesty and responsibility; and

WHEREAS, Ray Sprigle lived a rich, full life, which gave his strong personality and abilities full expression; and

WHEREAS, Pittsburgh will be a less colorful city without his sombrero, corn cob pipe and his candid chronicles of the deeds of his fellow men, dispatched with the cynicism which would have been easy for a lesser man; and

WHEREAS, Ray Sprigle earned the respect of his colleagues and his community, and his tragic death was a great loss to the newspaper profession and to Pittsburgh; Therefore, be it

RESOLVED, That the Mayor and the members of Council extend their deepest sympathy to the family of Ray Sprigle; that this resolution be spread upon the Minutes of Council and that a copy thereof be forwarded to the family of Ray Sprigle.

Which motion prevailed.

The Chair:

Members of Council: I received a telegram signed by Raymond F. Rusnic, President, and John R. McClannahan, Secretary-Treasurer in behalf of the Pittsburgh Municipal Employees Union Local 1928, requesting a meeting with Council. I am merely informing you of the receipt of this telegram. Later I will notify the signers of this telegram of the time and place of the requested meeting.

Mr. Dinan:

Mr. President: This being the last meeting of the year, it is not my intention to prolong it, but I have a few words to say before Council adjourns.

First of all, I think we owe a debt of gratitude to Father Cherudini for appearing here today and offering our opening prayer. I might also state, for the information of my colleagues, that Father Cherudini, prior to his ordination as a Priest, was employed as a Recreational Leader in the Bureau of Recreation during the summer months.

Those of us who had the privilege of watching the football game yesterday between Cleveland and Detroit saw some great athletes. The Priest who gave the Invocation, Father Cherudini, was not a great football player but was one of the finest athletes in Duquesne University. It is a fine feeling to have him present and I want to thank him for Council for coming here today. We wish you God's blessings and everything good for the coming year.

There is a young man here who has been covering City Hall for the Pittsburgh Press, and I understand he is going to leave us. I want to take this occasion, and I am sure I bespeak for all my colleagues, of the fine, gentlemanly way he has con-

ducted himself around City Council.

I have had close association with Mr. Allen. When I was County Treasurer this young man was covering the County Treasurer's Office for the Pittsburgh Press. He was around there so much that I became suspicious and thought there was something wrong, but I found out what the attraction was. He took his wife from my office. I am sure I speak for all the members of Council in wishing him the best in his new endeavors.

While I am on my feet, I do not want to take credit for having my picture taken with the football team from Morningside that went to Florida, but I understand Morningside won. That is something Pitt did not do and the Steelers did not do much better. We have in our employ in the City of Pittsburgh a young man, Mr. Joseph Natoli, and I know of no other young man who is doing better work among young people than this young man. I want to ask this council to join in drafting a letter to him for the outstanding credit he has brought to the City of Pittsburgh.

Mr. Fagan:

Mr. President: Today, at the free lunch counter I ate with Bill Allen and he did not say a word about resigning or retiring or anything else. As Councilman Dinan has said, I have been very happy to be associated with Bill Allen of the Pittsburgh Press. There is no doubt about it that he has been an outstanding reporter. He is one of those fellows if you give him something in confidence he will not violate that confidence. I am sorry to see him leave, but of course, I im-

agine that a young man who is progressive and has initiative and is qualified, as Bill is, is leaving because he is bettering himself. I wish him luck in his new endeavor and success.

In closing, Mr. President and members of Council, and all here and to all the citizens of Pittsburgh, I wish a very Happy, Healthy, Prosperous and Holy New Year.

Mr. Jones:

Mr. President: On behalf of the Sub Committee charged with the refurbishing and getting things in shape in this Council Chamber, we expect to have the draperies up on January 6th. You will notice the new eagles on the flag staffs. I think the men in the Department of Lands and Buildings are to be congratulated for what they have done. The Seal as suggested by Mr. Dinnardo has been placed and the windows are ready for the draperies. It is my hope that this inauguration will be the best we have ever had. The loud speakers in the Chamber and out in the corridors will permit an overflow crowd to hear everything. We are very proud the way things are shaping up.

Mr. Counahan moved

That the Minutes of Council of Monday December 23, 1957, be approved.

Which motion prevailed.

And upon motion of Mr. Dinan

Council adjourned sine die.

WHEREAS, Pursuant to Ordinance No. 262, approved July 11, 1947, the Public Parking Authority of Pittsburgh was created by the City of Pittsburgh under the provisions of the Parking Authority Law, Act of June 5, 1947, P.L. 458, in order to provide off-street parking facilities for the alleviation of the parking crisis and traffic congestion in the City of Pittsburgh; and

Section 3. Payment of Parking Rates. Every person parking a vehicle in any off-street parking facility shall pay such parking rate as may be fixed by the Parking Authority, for the length of time the vehicle is parked in such facility, provided, however, that the Parking Authority may not fix a parking rate for such parking facility in excess of twenty-five (25) cents for each hour without the approval of the Mayor and City Council. No. 100

WHEREAS the Federal Urban Renewal Program can be looked upon as one of the great forces to encourage rehabilitation of communities, large and small, and to prevent slums and blight in the nation's centers of population,

WHEREAS, the financial limitations contained in House Bill 6047 and in Senate Bill 1609 has forced the Housing and Home Finance Agency to

institute a system of priorities which penalize communities which already have one urban renewal project underway but which are financially able to, and have been active planning to undertake more than one,

WHEREAS, this system of priorities will postpone indefinitely the planning of two projects in the East Liberty and North Side sections of Pittsburgh, placing in jeopardy and possibly making obsolete any of the preliminary work which has been accomplished thus far,

WHEREAS the \$175 million allocation contained in these two bills is for one year, thereby breaking a precedent of multi-year appropriations which enabled all communities to plan projects on an orderly schedule and with reasonable assurance that Federal funds would be available when needed,

WHEREAS certain communities, including Pittsburgh, have adopted five-year capital budgets, based on People's Bond Issues, with the purpose of an orderly expenditure of local sums, in the main, for public improvements in urban renewal project areas,

WHEREAS the Commonwealth of Pennsylvania also is committed to aid urban renewal projects as its share in the costs of local participation, and in fact, has scheduled funds for the East Liberty and North Side projects, and curtailment of the Federal funds may place State funds in an uncertain status,

WHEREAS the orderly continuance of the urban renewal program is non-inflationary because it provides money to be invested in planning for projects which may be executed three to six years hence, and thus builds a backlog of neighborhood commercial and housing requirements for a time when the Federal economy may need support.

THEREFORE, be it

RESOLVED that the Council of the City of Pittsburgh urges that the Congress reconsider the allocations for the Federal Urban Renewal Program in the minimum terms of the President's original proposal of \$250

million in each of the next two years. The urban renewal program is a positive approach to guaranteeing the orderly growth of all our centers of population, large and small; its benefits can be measured directly in that it provides decent housing and living conditions for all of our citizens.

RESOLVED, also, that copies of this resolution be forwarded by the Clerk of the City of Pittsburgh to the President of the United States, to the two United States Senators from Pennsylvania, to all representatives to Congress from Pennsylvania, and to other interested government officials.

WHEREAS Martin Raymond Sprigle had a distinguished career as a newspaperman, capped by winning the Pulitzer Prize in 1938; and

WHEREAS, Ray Sprigle, as everyone knew him, was imbued with a strong feeling for the underdog both

within and without the local community, a keen sense of justice, as well as the classic newspaperman's ability to find and follow a story with honesty and responsibility; and

WHEREAS, Ray Sprigle lived a rich, full life, which gave his strong personality and abilities full expression; and

WHEREAS, Pittsburgh will be a less colorful city without his sombrero, corncob pipe and his candid chronicles of the deeds of his fellow men, dispatched with the cynicism which would have been easy for a lesser man; and

WHEREAS, Ray Sprigle earned the respect of his colleagues and his com-

munity, and his tragic death was a great loss to the newspaper profession and to Pittsburgh; Therefore, be it

RESOLVED, That the Mayor and the members of Council extend their deepest sympathy to the family of Ray Sprigle; that this resolution be spread upon the Minutes of Council and that a copy thereof be forwarded to the family of Ray Sprigle.

No. 100

WHEREAS the Federal Urban Renewal Program can be looked upon as one of the great forces to encourage rehabilitation of communities, large and small, and to prevent slums and blight in the nation's centers of population,

WHEREAS, the financial limitations contained in House Bill 6047 and in Senate Bill 1609 has forced the Housing and Home Finance Agency to

institute a system of priorities which penalize communities which already have one urban renewal project underway but which are financially able to, and have been active planning to undertake more than one,

WHEREAS, this system of priorities will postpone indefinitely the planning of two projects in the East Liberty and North Side sections of Pittsburgh, placing in jeopardy and possibly making obsolete any of the preliminary work which has been accomplished thus far,

WHEREAS the \$175 million allocation contained in these two bills is for one year, thereby breaking a precedent of multi-year appropriations which enabled all communities to plan projects on an orderly schedule and with reasonable assurance that Federal funds would be available when needed,

WHEREAS certain communities, including Pittsburgh, have adopted five-year capital budgets, based on People's Bond Issues, with the purpose of an orderly expenditure of local sums, in the main, for public improvements in urban renewal project areas,

WHEREAS the Commonwealth of Pennsylvania also is committed to aid urban renewal projects as its share in the costs of local participation, and in fact, has scheduled funds for the East Liberty and North Side projects, and curtailment of the Federal funds may place State funds in an uncertain status,

WHEREAS the orderly continuance of the urban renewal program is non-inflationary because it provides money to be invested in planning for projects which may be executed three to six years hence, and thus builds a backlog of neighborhood commercial and housing requirements for a time when the Federal economy may need support.

THEREFORE, be it

RESOLVED that the Council of the City of Pittsburgh urges that the Congress reconsider the allocations for the Federal Urban Renewal Program in the minimum terms of the President's original proposal of \$250

million in each of the next two years. The urban renewal program is a positive approach to guaranteeing the orderly growth of all our centers of population, large and small; its benefits can be measured directly in that it provides decent housing and living conditions for all of our citizens.

RESOLVED, also, that copies of this resolution be forwarded by the Clerk of the City of Pittsburgh to the President of the United States, to the two United States Senators from Pennsylvania, to all representatives to Congress from Pennsylvania, and to other interested government officials.
